

# Rain Barrel Workshop

Saturday April 25, 2015 • 2-4 pm

**Mtn. Lakes High School  
Cafeteria**

96 Powerville Road, Mountain Lakes, NJ

**\$25 per barrel**

**Register by April 23**

at the Borough Hall,

400 Boulevard, Mountain Lakes, NJ

Sponsored by the M.L. Green Team

**-Open to Mountain Lakes residents only-  
- 20 barrels - First come first serve -**

Rain Barrels are placed under the gutter's downspout to collect rain water from the roof. The barrel holds about 50 gallons for watering your garden.

Rain water harvesting helps save money on your water bill and reduces flooding in local rivers and streams.

Accessorized barrels typically cost over \$80. Participants pay only \$25 for the barrel, necessary parts, and use of the tools for assembly. Participants will be guided through the assembly of their own rain barrel and learn how to install it at home. This workshop has been subsidized by the Borough of Mountain Lakes, the Mtn. Lakes Environmental Commission, the Mtn. Lakes Shade Tree Commission and other interested local groups.
