Mountain Lakes, NJ 07046

TEEN SAFETY CHECK

The completion of this form, accompanied by the homeowner's signature, will provide additional protection and peace of mind while you are enjoying your vacation.

We at the Mountain Lakes Police Department feel that raising our children and young adults is not just the responsibility of parents, but rather it is shared by our entire community.

With this in mind, we would like to assist you in maintaining the same safe and healthy environment you enjoy at home, even if you are out of town.

Quite often when parents travel, they must leave their children at home with the expectation that they will follow the rules that you have established in your absence.

To ensure that this is the case, members of the Mountain Lakes Police Department, while performing our normal property checks, will also be watchful for any underage consumption of alcohol on your property.

You can simply advise us of your desire to keep this kind of activity off your property through the use of this form. We will then be able to assist you in maintaining the safe lawful environment that you are accustomed to.

By filling out the following information, officers will have the ability to better detect this type of activity while you are away.

In addition, if police officers receive information that underage drinking is occurring at your home while you are away, we will now be acting in accordance with your desire to keep your home void of this activity.

Through this program, patrol officers who come in contact or have reason to believe this is occurring while you are away, will contact you prior to any action being taken. You will be afforded the opportunity to deal with this matter in any way you feel would be appropriate. The options would include: you handling it yourself, contacting a local friend, neighbor or relative to intervene, or having police personnel address the issue.

Through this program we can truly convey our zero tolerance message in one united voice, while insuring that your children and homes are safe.

Please bear in mind that the only time we would not be able to use this call first format is in the event that officers witness a criminal act, or activity that is placing person or property in danger of injury or damage.

TEEN SAFETY CHECK

Date you will be away _____
