

**MEETING MINUTES OF THE COUNCIL OF THE BOROUGH OF MOUNTAIN LAKES
OCTOBER 28, 2019
HELD AT BOROUGH HALL, 400 BOULEVARD, MOUNTAIN LAKES, NJ 07046**

CALL TO ORDER AND OPEN PUBLIC MEETINGS ACT STATEMENT

This meeting is being held in compliance with Public Law 1975, Chapter 231, Sections 4 and 13, as notice of this meeting and the agenda thereof had been reported to The Citizen and the Morris County Daily Record and The Star Ledger on January 9, 2019 and posted in the municipal building.

Mayor Barnett called the meeting to order at 7:30 p.m. in the municipal building.

Council Member Korman Entered the meeting at 8:40 p.m.

FLAG

Mayor Barnett led the salute to the flag.

COMMUNITY ANNOUNCEMENTS

Mountain Lakes Police Chief Bennett reported that the Traffic and Safety Committee is still examining the Wildwood School traffic safety issue. Traffic and Safety have added additional meetings and are making some progress on this issue.

Chief Bennett announced that this year's holiday party is scheduled for Thursday, December 5th at the Zeris Inn.

Chief Bennett reported on the Halloween safe zone saying that planning begins in September. They start by creating a pre-incident plan, so they know where to allocate their resources. The police department has to account for the movement of handicapped and elderly people, block roadways, escort anyone who may show up late, find suitable EMS response locations, advise people outside of Mountain Lakes about the event and reserve outside resources such as lights, vehicles and porta johns. Signs are put up around town asking for candy donations and telling people where the four drop off locations are. The police department must also obtain radio frequencies that are not on the regular channel. The police dept. relies heavily on volunteers from the fire department, and CERT (Community Emergency Response Team).

Mayor Barnett announced that on Wednesday, October 30th at 7:00 p.m. at Borough Hall, there will be a Sunset Lake Dam Project meeting.

On October 30th at 7:30 p.m. the League of Women Voters is holding an education session at the Mountain Lakes High School featuring guest speaker Rebecca Lubetkin, called "Title IX, Then and Now, Sports is Only 1/10 of Title IX".

On Saturday, November 2nd, from 11 a.m. to 2 p.m. the Historic Preservation Committee is holding their open house at the public library. They will have all of their old photos, maps, and a lot of other items on display.

Mayor Barnett reported that on November 4th from 7-8 p.m. Mountain Lakes will have the second session of their flu clinic. More information on how to sign up for this can be found on the Mountain Lakes website.

Karen Brennfleck, Mountain Lakes Recreation Director, announced that the tree lighting is scheduled for Sunday, December 1st which is Thanksgiving weekend. The menorah lighting will be held on Sunday, December 22nd.

Mayor Barnett reminded everyone that on the Borough website there is a list of places that donated Halloween candy can be dropped off.

**MEETING MINUTES OF THE COUNCIL OF THE BOROUGH OF MOUNTAIN LAKES
OCTOBER 28, 2019
HELD AT BOROUGH HALL, 400 BOULEVARD, MOUNTAIN LAKES, NJ 07046**

PUBLIC COMMENT

Please state your name and address for the record. Each speaker is limited to one (1) comment of no more than five (5) minutes and no yielding of time to another person.

Mayor Barnett opened the meeting to the public.

Mary Joellson – 6 Scarborough Road, read a statement regarding what she believes were unfounded remarks Mr. Steven Shaw read at the October 14, 2019 Borough Council Meeting. Ms. Joellson believes the comments Mr. Shaw said about the League of Women's Voters were misleading. Ms. Joellson added that on October 28th the League is having a meet and greet for the five candidates for the Board of Education.

Emily Kahn – 87 Ball Road, spoke about a portion of an email that Steve Shaw read out loud at the Borough Council meeting on October 14, 2019 that she sent to the Laker Republican Club on July 4, 2019. Ms. Kahn feels that Mr. Shaw read only select lines of her email, misrepresented how he gained access to her email, challenged her right to free speech and attempted to use her to discredit the nonpartisan mission of the League of Women Voters, Mountain Lakes. Ms. Kahn feels that Mr. Shaw clearly targeted the League of Women Voter, Mountain Lakes.

Maryellen Theel – 8 Center Drive, thanked Chief Bennett for his work with Halloween. She also thanked the members of the Borough Council, the DPW and the Police Department for supporting the Safe Zone Trick or Treating in the Village. Ms. Theel told the Borough Council that part of her involvement in the Safe Zone Halloween is she is the coordinating communicator to the residents. Ms. Theel has been contacted by different neighbors who are concerned with the bad weather conditions that are expected on Halloween. The consensus is that trick or treating will be a soggy mess and they would like to see it moved to Saturday when the weather will be more conducive to this fun and unique event. Ms. Theel said that residents of the Village host this event willingly and enthusiastically and they respectfully ask that any decision regarding scheduling or not be done in concert with the Village residents.

Lauren Brickner McDonald – 7 Center Drive, showed the Borough Council a graph of numbers from past Village Trick or Treating and said that so far 44,000 pieces of candy have been collected. Ms. Brickner McDonald is concerned about the weather and what will be done with all the candy that is not given out if there is bad weather.

Matt DeSantis – 12 Center Drive, he is concerned about the two or three inches of standing water that forms on the ground when it rains where the porta john is usually set up. He also mentioned that most houses in the Village do not have porches. This will leave people in the rain while giving out candy to trick or treaters. Mr. DeSantis is also concerned with the left-over candy. He is hoping the trick or treating event can be moved to a different day because of the weather forecast.

Manager Mitchell Stern said he and the Police Chief will decide about changing the Village Trick or Treating by Wednesday morning.

BOROUGH COUNCIL DISCUSSION ITEMS

Developer's Fee Ordinance

Borough Attorney Robert Oostdyk and Blair Bravo, Chair of the Affordable Housing Advisory Committee, explained that the Borough of Mountain Lakes must fund its Municipal Affordable Housing Trust Fund account as per the adopted Settlement Agreement. The council considered and passed ordinance 7-19, Development Fees, on May 29, 2019 along with ordinance 8-19, Spending Plan, which projects the construction of three new homes per year and the construction of 5,000 square feet of commercial space per year to fund the Municipal Affordable Housing Trust Fund. The Development Fee ordinance includes fees for new commercial development, which is set by the state, as well as fees collected for new home construction only. Since the state does not have a model ordinance on residential development / improvements, the Borough can determine the terms of how the residential fee is collected.

In discussions last spring, the Mountain Lakes Affordable Housing Advisory Committee agreed that a fee should be imposed on new home construction and they discussed whether fees should be on residential additions and/or renovations. There was concern that a fee on renovations might discourage people from improving their properties.

**MEETING MINUTES OF THE COUNCIL OF THE BOROUGH OF MOUNTAIN LAKES
OCTOBER 28, 2019
HELD AT BOROUGH HALL, 400 BOULEVARD, MOUNTAIN LAKES, NJ 07046**

Demolition of historic structures might happen because the fee could inhibit renovation. It was decided to revisit the ordinance in the fall. At its October 15, 2019 Affordable Housing Advisory Committee meeting, the committee considered the options of how the Borough will raise Municipal Affordable Housing Trust funding.

Construction Code Official Steven Gluck provided a construction report for activity in 2018 stating that there were no commercial additions made that would affect the assessed value. There were only minor commercial upgrades and churches are exempt. Mr. Gluck also reported that in 2018 there were twelve residential additions and two new single-family homes built. Multi home projects not included because that project would satisfy the affordable housing obligation through inclusionary zoning. Mr. Gluck also reported that four new single-family homes have been built to date in 2019. In weighing the options, the committee considered that value of construction on a building permit does not correlate to the increased assessed value, which will be much higher. The tax assessor would determine the calculation of increased value.

The Developer's Fee Ordinance will be on the next Borough Council meeting for discussion.

Council Member Korman Entered the meeting at 8:40 p.m.

Green Building Resolution

Council Member Horst presented the Borough Committee with a resolution endorsing Green Building practices. The Borough Council discussed supporting materials that were supplied by Council member Horst. The majority of the Borough Council would like an addition to the resolution to encourage Borough officials, employees, and volunteers to pursue educational opportunities that support this green initiative. The resolution will be on the Borough Council agenda for adoption at the next Borough Council meeting.

ATTORNEY'S REPORT

Borough Attorney Robert Oostdyk reported that at the next Borough Council meeting there will be an executive session to discuss tax appeals and Mountain Lakes Tax Assessor Rick DelGuercio will be asked to be at the next meeting.

MANAGER'S REPORT

Trash Day

Manager Mitchell Stern reported that Trash Day was held this past Saturday, October 19th. Early indications reflect that the event was successful. Mr. Stern will have a detailed report once all the numbers have been put together.

Affordable Housing Administration Agent

Manager Stern Reported that one of our affordable housing obligations is to name an Affordable Housing Administrator. In mid-September, he solicited proposals from well established firms that perform this function. Of the four that he solicited, two advised that they were not interested in providing a proposal and one did not respond. The Borough Council requested that Manager Stern contact the one that did not respond.

***CONSENT AGENDA ITEMS**

Matters listed as Consent Agenda Items are considered routine and will be enacted by one motion of the Council and one roll call vote. There will be no separate discussion of these items unless a Council member requests an item be removed for consideration.

***RESOLUTIONS**

R145-19 Resolution Authorizing the Payment of Bills

COUNCIL REPORTS

Council Member Menard reported that the Recreation Committee discussed discontinuing the key fob usage at the tennis courts. He said they are always malfunctioning. Manager Stern would like a sign put up with the tennis court rules.

The Recreation Committee has had a request from a resident to start a fishing club. The potential fishing club would charge a fee per person and have the lake stocked with bass. Manager Stern will check with the Borough's risk manager.

Council Member Horst reported that the Woodland Advisory Committee is in the process of cleaning up two pocket parks. They are also putting together a list of pocket parks and their locations for potential clean up.

Council Member Menard reported that the Public Works Committee discussed a gate system and potentially only being open for two days at the recycling center. Manager Stern is doing research on this to see how we can alleviate the contamination at the recycling center.

Deputy Mayor Shepherd reported that the Historic Preservation Committee is taking the recommendation of the Borough Council and are contacting private property owners that were on the list that was provided to them including residents, businesses and churches.

Council Member Lane reported that the Board of Education discussed test results, school safety, and how to save money for everyone.

Council Member Lane reported that the Environmental Commission is concerned with the potential of there being another gas station on route 46 when there are already three within a half a mile of each other. They feel this is concern especially with the proximity to the Buried Valley Aquifer which effects not only Mountain Lakes but other towns also.

The Environmental Commission is finalizing a draft ordinance to ban single use plastic bags. Styrofoam was also mentioned. Environmental Commission also discussed steep slopes and they will bring that to the Borough Council in the future.

Council Member Korman reported that the Health Commission Sub Committee is focusing on mental health, and they are

**MEETING MINUTES OF THE COUNCIL OF THE BOROUGH OF MOUNTAIN LAKES
OCTOBER 28, 2019
HELD AT BOROUGH HALL, 400 BOULEVARD, MOUNTAIN LAKES, NJ 07046**

giving out stigma free materials, mental health actions, and they would like to get more information on the Borough's website about mental health.

Council Member Korman reported that the Shade Tree Commission is digesting the comments in reference to the Shade Tree Ordinance. They are planning to put in a budget request to raise their budget for tree planting.

Mayor Barnett reported that the Mountain Lakes Club is in the process of perhaps getting into a new financing arrangement. They will continue to monitor that situation.

Council Member Horst reported that Traffic and Safety met, and they will be reaching out to Dr. Beth Azar the Acting School Superintendent to request that more staff be outside during school pick up at the Wildwood School. Traffic and Safety would like to include Dr. Azar in a Traffic and Safety meeting before the end of the year. In addition, some of the members of Traffic and Safety will be meeting with Sgt. Gil Benitez to look at the parking and make sure the regulations regarding school pick up that have been put in place are continuing to work. Traffic and Safety is looking onto having two sessions open to Wildwood School parents and other concerned neighbors, to present the Morris County Traffic Engineer's suggestions and for people to comment on the suggestions.

PUBLIC COMMENT

Please state your name and address for the record. Each speaker is limited to one (1) comment of no more than five (5) minutes and no yielding of time to another person.

Mayor Barnett opened the meeting to the public.

There was no one present in the public to speak

NEXT STEPS AND PRIORITIES

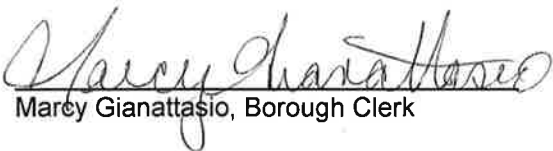

Mayor Barnett reviewed the following next steps and priorities:

Next Step	Completed by	Completion date
Halloween Date Change Decision	Manager, Police Chief	
Board of Education's decision regarding Borough Hall	Manager	
Fishing Club	Manager	
Affordable Housing Developer's Fee Ordinance		
Affordable Housing Administrator	Manager	

ADJOURNMENT at 10:15 P.M.

Motion made by Council Member Lane, second by Council Member Menard to adjourn the meeting at 10:15 p.m., with all members in favor signifying by "Aye".

Respectfully Submitted

Marcy Gianattasio, Borough Clerk

October 16, 2019

Memo

To: Borough Council

From: The Mountain Lakes Affordable Housing Advisory Committee

Re: Development Fee Ordinance recommendation amendment to Ord. 7-19

Background:

The Borough of Mountain Lakes must fund its Municipal Affordable Housing Trust Fund (MATF) account as per the adopted Settlement Agreement.

The council considered and passed Ord. 7-19 Development Fees on May 29, 2019 along with a Spending Plan, Ord. 8-19*. Ord 7-19 includes fees for new commercial development (set by the state) as well as fees collected for new home construction only. Since the state does not have a model ordinance on residential development/improvements, the Borough can determine the terms of how the residential fee is collected.

In discussions last spring, the MLAHC committee agreed that a fee should be imposed on new home construction and discussed whether fees should be on residential additions and/or renovations. There was concern that a fee on renovations might discourage people from improving their properties. Demolition of historic structures might happen because the fee could inhibit renovation. It was decided to revisit the ordinance in the fall. At its October 15, 2019 MLAHC meeting, the committee considered the options of how the Borough will raise MATF funding.

*Ordinance 08-19 Spending Plan projects the construction of 3 new homes/year and the construction of 5,000 s.f. of commercial space/year to fund the MATF.

Discussion on funding the Development Fee Ordinance included two options and a construction report from Construction Code Official Steven Gluck:

- **Option 1:** Borough responsibility to fund. Commercial new construction and improvement; new home construction only. Shortfall funded through general tax base.
- **Option 2:** Commercial new construction and improvement; new home construction and residential improvements

- **Construction Code Official Steven Gluck provided a construction report for activity in 2018:**
 - a. Commercial: no additions made that would affect the assessed value - only minor upgrades; churches are exempted.
 - b. Residential: 12 additions; 2 new single-family homes (multi home projects not included because the project satisfied the affordable housing obligation through inclusionary zoning. Steve reported that 4 new single-family homes built have been to date in 2019.

The Committee considered the following Development Fee Options for residential new and renovation improvements only. In weighing the options, the committee considered that value of construction on a building permit does not correlate to the increased assessed value, which will be much higher. The tax assessor would determine the calculation of increased value.

1. Any improvements
2. Only new construction **2**
3. Treating historic structures/homes separately by modifying the Historic Preservation ordinance rather than inserting language for historic homes into the Developer Fee ordinance
4. **'Madison' option:**
 - a. **Fees apply on new home construction, or on additions/ renovations that increase the home's assessed value by 50% or more. 5**
 - b. Extra fee for variances: 6% fee of value of improvement
5. 'Mtn. Lakes' option: hybrid TBD **1**
6. Additional square footage added to home renovation **1**

Committee members consideration of options (in red).

Recommendation: Consensus from committee is to recommend the 'Madison option' (a) to be incorporated into the Borough's Development Fee Ordinance.

Committee agreed that the current ordinance requirement for commercial properties is appropriate and no changes are recommended.

BOROUGH OF MOUNTAIN LAKES

ORDINANCE NO. 7-19

AN ORDINANCE AMENDING THE REVISED GENERAL ORDINANCES OF THE BOROUGH OF MOUNTAIN LAKES AND ESTABLISHING AFFORDABLE HOUSING DEVELOPMENT FEES

BE IT ORDAINED by the Borough Council of the Borough of Mountain Lakes, in the County of Morris and State of New Jersey, as follows:

Section 1. The Revised General Ordinances of the Borough of Mountain Lakes shall be amended by the addition of the following new Chapter 65 which shall be entitled "Development Fees" and shall read, in its entirety, as follows:

Chapter 65 Affordable Housing Development Fees.

§65-1 Purpose.

- A. In *Holmdel Builder's Association v. Holmdel Borough*, 121 N.J. 550 (1990), the New Jersey Supreme Court determined that mandatory development fees are authorized by the Fair Housing Act of 1985 (the "Act"), N.J.S.A. 52:27d-301 et seq., and the State Constitution, subject to the Council on Affordable Housing's ("COAH's") adoption of rules.
- B. Pursuant to P.L. 2008, c. 46, Section 8 (N.J.S.A. 52:27D-329.2), and the Statewide Nonresidential Development Fee Act (N.J.S.A. 40:55D-8.1 through 40:55D-8.7), COAH was authorized to adopt and promulgate regulations necessary for the establishment, implementation, review, monitoring and enforcement of municipal affordable housing trust funds and corresponding spending plans. Municipalities that are under the jurisdiction of the Council or court of competent jurisdiction and have an approved spending plan may retain fees collected from nonresidential development.
- C. This article establishes standards for the collection, maintenance and expenditure of development fees pursuant Court approval since the Borough has sought and received a Declaratory Judgment approving its affordable housing plan and in accordance P.L. 2008, c. 46, Sections 8 and 32 through 38. Fees collected pursuant to this article shall be used for the sole purpose of providing low- and moderate-income housing. This article shall be interpreted within the framework of COAH's rules on development fees, codified at N.J.A.C. 5:97-8.

~~§ 65-2 Basic requirements.~~

- ~~A. This article shall not be effective until approved by the Superior Court.~~
- ~~B. The Borough of Mountain Lakes shall not spend development fees until the Superior Court has approved a plan for spending such fees in conformance with N.J.A.C. 5:97-8.10 and N.J.A.C. 5:96-5.3.~~

§ 65-32. Definitions.

The following terms, as used in this article, shall have the following meanings:

AFFORDABLE HOUSING DEVELOPMENT A development included in the Housing Element and Fair Share Plan, and includes, but is not limited to, an inclusionary development, a municipal construction project or a one hundred-percent-affordable development.

COAH or THE COUNCIL The New Jersey Council on Affordable Housing or a successor to be established under State law which has primary jurisdiction for the administration of housing obligations in accordance with sound regional planning consideration in the state.

DEVELOPER The legal or beneficial owner or owners of a lot or of any land proposed to be included in a proposed development, including the holder of an option or contract to purchase, or other person having an enforceable proprietary interest in such land.

DEVELOPMENT FEE Money paid by a developer for the improvement of property as permitted in N.J.A.C. 5:97- 8.3.

EQUALIZED ASSESSED VALUE The ~~assessed~~ value of a property **determined by the municipal tax assessor through a process designed to ensure that all property in the municipality is assessed at the same assessment ratio or ratios required by law. Estimates at the time of issuance of a building permit may be obtained utilizing estimates for construction cost. Final equalized value will be determined at project completion by the municipal tax assessor.** ~~divided by the current average ratio of assessed to true value for the municipality in which the property is situated, as determined in accordance with Sections 1, 5, and 6 of P.L. 1973, c. 123 (N.J.S.A. 54:1-35a through 54:1-35e).~~

§ 65-3 Nonresidential development fees.

Nonresidential development fees shall be collected in accordance with The New Jersey Non-Residential Development Fee Act, N.J.S.A. 40:55D-8.1 through 8.8.

§ 65-4 Residential development fees.

A. Imposed fees.

- (1) ~~Within all residential zoning districts), residential developers, except for developers of the types of development specifically exempted below, shall pay a fee of 1 1/2% of the equalized assessed value for residential development, provided no increased density is permitted.~~ **Developers or owners of residential housing within all zone districts, which shall include any new residential development or any addition or other improvement to an existing residential structure, shall pay a fee of 1% of the equalized assessed value for the new residential development or improvement. Development fees shall be imposed and collected when an existing structure is expanded or undergoes an improvement subject to the provisions of Paragraph (2) below. The development fee shall be calculated on the increase in the equalized assessed value of the improved structure.**
- (2) ~~When an increase in residential density pursuant to N.J.S.A. 40:55D-70d(5) (known as a "d" variance) has been permitted, developers may be required to pay a development fee of 6% of the equalized assessed value for each additional unit that may be realized. However, if the zoning on a site has changed during the two-year period preceding the filing of such a variance application, the base density for the purposes of calculating the bonus development fee shall be the highest density permitted by right during the two-year period preceding the filing of the variance application.~~

- (2) No fee shall be charged pursuant to this section for any addition or improvement to an existing residential structure as long as the addition or improvement does not increase the equalized assessed value of the existing structure by more than 50%.**

~~Example. If an approval allows four units to be constructed on a site that was zoned for two units, the fees could equal 1 1/2% of the equalized assessed value on the first two units; and the specified higher percentage up to 6% of the equalized assessed value for the two additional units, provided zoning on the site has not changed during the two-year period preceding the filing of such a variance application.~~

B. Eligible ~~exactions, ineligible exactions and~~ exemptions for residential development.

- (1) Affordable housing developments, developments where the developer is providing for the construction of affordable units elsewhere in the municipality, and developments where the developer has made a payment in lieu of on-site construction of affordable units shall be exempt from development fees.
- (2) Developments that have received preliminary or final site plan approval prior to the adoption of a municipal development fee ordinance shall be exempt from development fees, unless the developer seeks a substantial change in the approval. Where a site plan approval does not apply, a zoning and/or building permit shall be synonymous with preliminary or final site plan approval for this purpose. ~~The fee percentage shall be vested on the date that the building permit is issued~~
- (3) **Residential structures demolished and replaced as a result of a natural disaster shall be exempt from paying a development fee.** ~~Development fees shall be imposed and collected when an existing structure undergoes a change to a more intense use, is demolished and replaced, or is expanded, if the expansion is not otherwise exempt from the development fee requirement. The development fee shall be calculated on the increase in the equalized assessed value of the improved structure.~~

~~— (4) Developers of developments with one or two owner-occupied dwelling units or residential structures demolished and replaced as a result of a natural disaster shall be exempt from paying a development fee.~~

~~§ 65-5 Nonresidential development fees.~~

~~A. Imposed fees:~~

- ~~(1) Within all zoning districts, nonresidential developers, except for developers of the types of development specifically exempted, shall pay a fee equal to 2.5% of the equalized assessed value of the land and improvements for all new nonresidential construction on an unimproved lot or lots. 23 of 27~~
- ~~(2) Nonresidential developers, except for developers of the types of development specifically exempted, shall also pay a fee equal to 2.5% of the increase in equalized assessed value resulting from any additions to existing structures to be used for nonresidential purposes.~~
- ~~(3) Development fees shall be imposed and collected when an existing structure is demolished and replaced. The development fee of 2.5% shall be calculated on the difference between the equalized assessed value of the preexisting land and improvement and the equalized assessed value of the newly improved structure, i.e., land and improvement, at the time final certificate of occupancy is issued. If the calculation required under this section results in a negative number, the nonresidential development fee shall be zero.~~

~~B. Eligible exactions, ineligible exactions and exemptions for nonresidential development.~~

- ~~(1) The nonresidential portion of a mixed-use inclusionary or market-rate development shall be subject to the two-and-one-half-percent development fee, unless otherwise exempted below.~~

- ~~(2) The two and one-half percent fee shall not apply to an increase in equalized assessed value resulting from alterations, change in use within existing footprint, reconstruction, renovations and repairs.~~
- ~~(3) Nonresidential developments shall be exempt from the payment of nonresidential development fees in accordance with the exemptions required pursuant to P.L. 2008, c. 46, as specified in the Form N-RDF, "State of New Jersey Nonresidential Development Certification/Exemption" Form. Any exemption claimed by a developer shall be substantiated by that developer.~~
- ~~(4) A developer of a nonresidential development exempted from the nonresidential development fee pursuant to P.L. 2008, c. 46, shall be subject to it at such time as the basis for the exemption no longer applies and shall make the payment of the nonresidential development fee, in that event, within three years after that event or after the issuance of the final certificate of occupancy of the nonresidential development, whichever is later.~~
- ~~(5) If a property which was exempted from the collection of a nonresidential development fee thereafter ceases to be exempt from property taxation, the owner of the property shall remit the fees required pursuant to this section within 45 days of the termination of the property tax exemption. Unpaid nonresidential development fees under these circumstances may be enforceable 24 of 27 Form N-RDF, "State of New Jersey Nonresidential Development Certification/Exemption," to be completed as per the instructions provided. The developer of a nonresidential development shall complete Form N-RDF as per the instructions provided. The Construction Official shall verify the information submitted by the nonresidential developer as per the instructions provided in the Form N-RDF. The Tax Assessor shall verify exemptions and prepare estimated and final assessments as per the instructions provided in Form N-RDF.~~

§ 65-65 Procedure for collection of development fees

- A. The Construction Official responsible for the issuance of a building permit shall notify the local Tax Assessor of the issuance of the first building permit for a development which is subject to a development fee.
- B. Within 90 days of receipt of that notice, the Municipal Tax Assessor, based on the plans filed, shall provide an estimate of the equalized assessed value of the development.
- C. The Construction Official responsible for the issuance of a final certificate of occupancy notifies the local Assessor of any and all requests for the scheduling of a final inspection on property which is subject to a development fee.
- D. Within 10 business days of a request for the scheduling of a final inspection, the Municipal Assessor shall confirm or modify the previously estimated equalized assessed value of the improvements of the development; calculate the development fee; and thereafter notify the developer of the amount of the fee.
- E. Should the Borough of Mountain Lakes fail to determine or notify the developer of the amount of the development fee within 10 business days of the request for final inspection, the developer may estimate the amount due and pay that estimated amount consistent with the dispute process set forth in Subsection b of Section 37 of P.L. 2008, c. 46 (N.J.S.A. 40:55D8.6).
- F. Fifty percent of the development fee shall be collected at the time of issuance of the building permit. The remaining portion shall be collected at the issuance of the certificate of occupancy. The developer shall be responsible for paying the difference between the fee calculated at building permit and that determined at issuance of certificate of occupancy.
- G. Appeal of development fees.

- (1) A developer may challenge residential development fees imposed by filing a challenge with the County Board of Taxation. Pending a review and determination by the Board, collected fees shall be placed in an interest-bearing escrow account by the Borough of Mountain Lakes. Appeals from a determination of the Board may be made to the tax court in accordance with the provisions of the State Tax Uniform Procedure Law, N.J.S.A. 54:48-1 et seq., within 90 days after the date of such determination. Interest earned on amounts escrowed shall be credited to the prevailing party.
- (2) A developer may challenge nonresidential development fees imposed by filing a challenge with the Director of the Division of Taxation. Pending a review and determination by the Director, which shall be made within 45 days of receipt of the challenge, collected fees shall be placed in an interest-bearing escrow account by the Borough of Mountain Lakes. Appeals from a determination of the Director may be made to the tax court in accordance with the provisions of the State Tax Uniform Procedure Law, N.J.S.A. 54:48-1 et seq., within 90 days after the date of such determination. Interest earned on amounts escrowed shall be credited to the prevailing party.

Section 2. If any section or provision of this Ordinance shall be held invalid in any Court of competent jurisdiction, the same shall not affect the other sections or provisions of this Ordinance, except so far as the section or provision so declared invalid shall be inseparable from the remainder or any portion thereof.

Section 3. All Ordinances or parts of Ordinances which are inconsistent herewith are hereby repealed to the extent of such inconsistency.

Section 4. This Ordinance shall take effect immediately after final passage and publication in the manner provided by law.

Resolution Endorsing the Adoption of Green Building Practices for Municipal Buildings and Facilities

WHEREAS, buildings account for 39% of CO₂ emissions – more than either the transportation or industrial sectors. In addition, buildings accounts for nearly 12% of potable water use, 65% of waste output, and 71% of electricity consumption in the U.S. (U.S. Green Building Council); and

WHEREAS, the Borough’s Master Plan references the Environmental Resources Inventory (ERI) completed in 2011. “In the future a periodic review of this inventory should be performed to properly report the nature and character of the community *and to determine if changes should be made to the development regulations to address environmental concerns*; and

WHEREAS, green building – also referred to as sustainable or high-performance building – is a collection of design, construction and operating practices that have the potential to reduce or eliminate the negative impacts of development on the environment and on human health. There are many examples of green building programs and guidelines that have been propagated at national, state, and municipal levels. They commonly address energy efficiency and carbon emission reduction, water conservation, waste reduction, healthy and sustainably produced materials, indoor air quality, occupant productivity and health, and other components of green building and sustainable development; and

WHEREAS, the purpose of this resolution is to enhance the public welfare and assure that development is consistent with the Borough of Mountain Lake’s desire to create a more sustainable community by incorporating green building measures into the design, construction, operation and maintenance of its municipal buildings and facilities and to encourage green design in the private sector.

COUNTY OF MORRIS**

RESOLUTION -19

**RESOLUTION ENDORSING THE ADOPTION OF GREEN BUILDING PRACTICES
FOR MUNICIPAL BUILDINGS AND FACILITIES**

WHEREAS, buildings account for 39% of CO2 emissions – more than either the transportation or industrial sectors. In addition, buildings accounts for nearly 12% of potable water use, 65% of waste output, and 71% of electricity consumption in the U.S. (U.S. Green Building Council); and

WHEREAS, the Borough’s Master Plan references the Environmental Resources Inventory (ERI) completed in 2011. “In the future a periodic review of this inventory should be performed to properly report the nature and character of the community and to determine if changes should be made to the development regulations to address environmental concerns; and

WHEREAS, green building – also referred to as sustainable or high-performance building – is a collection of design, construction and operating practices that have the potential to reduce or eliminate the negative impacts of development on the environment and on human health. There are many examples of green building programs and guidelines that have been propagated at national, state, and municipal levels. They commonly address energy efficiency and carbon emission reduction, water conservation, waste reduction, healthy and sustainably produced materials, indoor air quality, occupant productivity and health, and other components of green building and sustainable development; and

WHEREAS, the purpose of this resolution is to enhance the public welfare and encourage development that is consistent with the Borough of Mountain Lake's desire to create a more sustainable community by incorporating, when feasible, green building measures into the design, construction, operation and maintenance of its municipal buildings and facilities and to encourage green design in the private sector.

NOW, THEREFORE, BE IT RESOLVED by the Borough Council of the Borough of Mountain Lakes, in the County of Morris and State of New Jersey, that the Borough of Mountain Lakes hereby implements a Green Building Policy to consider opportunities to incorporate green building measures into the design, construction, operation and maintenance of municipal buildings and facilities.

- INTRODUCTION -
Resolution on Green Building Practices

Submitted by: Councilmember Janet Horst

Background

According to the U.S. Green Building Council, buildings and construction account for 39% of CO2 emissions – more than either the transportation or industrial sectors. In addition, buildings account for nearly 12% of potable water use, 65% of waste (landfill) output, and 71% of electricity consumption in the U.S. *Footnotes: (1), (2)*

The Borough of Mountain Lakes can demonstrate leadership by passing a Green Building Policy Resolution that encourages Green design features specifically in municipal buildings and facilities, but also in school, commercial and residential construction projects.

The Green Building Policy Resolution seeks to realize the following environmental, economic, health and community benefits: *Footnote (6)*

- Enhance and protect local ecosystems
- Improve indoor and outdoor air and water quality
- Utilize natural light
- Reduce solid waste
- Reduce operating costs (i.e. electric and water use)
- Improve employee productivity and satisfaction
- Improve air and thermal environments

Sustainable Jersey Action Points (5): To meet Sustainable Jersey requirements, at a minimum, our Green Building Policy Resolution needs to include language to this effect: ...*The Borough of Mountain Lakes hereby implements a Green Building Policy that will consider opportunities to incorporate green building measures into the design, construction, operation and maintenance of municipal buildings and facilities.*
Footnote (6)

Island Beach Renovation:

By way of example, this resolution would encourage adopting measures to reduce storm water runoff (away from Mountain Lake); purchasing water efficient toilets and adopting a landscape plan that promotes parking lot and picnic area tree shade.

New Borough Hall Design:

We have an opportunity to achieve a LEED “certified level” for this project.

Footnote (4)

Why Does Mountain Lakes Need a Resolution on Green Building Policy?

- To reference in future Master Plans *Footnote (5)* and Planning and Zoning Board reviews
- To include in future municipal RFP contract bids
- To encourages the hiring of professionals with green building *experience (LEED certification not required)*
- To showcases our Borough’s commitment to optimizing life-cycle economic performance (e.g. light bulbs); reduce solid waste (e.g. hand dryers in bathrooms); improve air quality for all employees (e.g. air circulation via A/C and heating); enhancing employee comfort and health (e.g. air filters, window sun screening)
- To encourage design features that minimize the strain on local infrastructure: (e.g. bicycle racks, parking lot electric car charging station(s), run-off into storm water catch-bins)

- (1) A developer may challenge residential development fees imposed by filing a challenge with the County Board of Taxation. Pending a review and determination by the Board, collected fees shall be placed in an interest-bearing escrow account by the Borough of Mountain Lakes. Appeals from a determination of the Board may be made to the tax court in accordance with the provisions of the State Tax Uniform Procedure Law, N.J.S.A. 54:48-1 et seq., within 90 days after the date of such determination. Interest earned on amounts escrowed shall be credited to the prevailing party.
- (2) A developer may challenge nonresidential development fees imposed by filing a challenge with the Director of the Division of Taxation. Pending a review and determination by the Director, which shall be made within 45 days of receipt of the challenge, collected fees shall be placed in an interest-bearing escrow account by the Borough of Mountain Lakes. Appeals from a determination of the Director may be made to the tax court in accordance with the provisions of the State Tax Uniform Procedure Law, N.J.S.A. 54:48-1 et seq., within 90 days after the date of such determination. Interest earned on amounts escrowed shall be credited to the prevailing party.

Section 2. If any section or provision of this Ordinance shall be held invalid in any Court of competent jurisdiction, the same shall not affect the other sections or provisions of this Ordinance, except so far as the section or provision so declared invalid shall be inseparable from the remainder or any portion thereof.

Section 3. All Ordinances or parts of Ordinances which are inconsistent herewith are hereby repealed to the extent of such inconsistency.

Section 4. This Ordinance shall take effect immediately after final passage and publication in the manner provided by law.

TO: Honorable Mayor and Borough Council
SUBJ: Manager's Report
CC: Marcy Gianattasio, Borough Clerk
Robert Oostdyk, Borough Attorney

The following represents the Manager's report for the Borough Council meeting of October 28, 2019.

Trash Day – Trash day was held this past Saturday (October 19th). Early indications reflect that the event was successful. I will have a detailed report once all of the numbers have been put together.

Affordable Housing Administrative Agent - One aspect of our affordable housing obligation is to name an Affordable Housing Administrative Agent. In mid-September, I solicited proposals from four well established firms that perform this function. Of the four, two advised that they were not interested in providing a proposal and one did not respond to the request. The firm that did respond, Community Grants, Planning & Housing (CGP&H), provided a detailed proposal. In working through the proposal process, the firm was responsive to all inquiries and followed up to see if additional information was needed.

The information was brought back to the Affordable Housing sub-committee for discussion and recommendation as to whether to retain CGP&H or solicit other proposals. The Committee recommends that CGP&H be retained as the Borough's Affordable Housing Administrative Agent and not pursue additional proposals.

In concurring with the recommendation, I will have a resolution on the agenda for the first Borough Council meeting in November authorizing the engagement of CGP&H. Attached to my report are two documents from CGP&H for your review; Affordable Housing Administrative Agent Qualifications & Experience, and Fee Proposal.

Please reach out with questions or concerns.

Mitchell

Qualifications & Experience

EXECUTIVE SUMMARY

CGP&H is a New Jersey Department of Community Affairs approved Affordable Housing Administrative Agent. We are currently responsible for thousands of units of affordable housing throughout over 65 municipalities in New Jersey. Our staff are experts with state affordable housing regulations in the areas of income qualifications, affordable rents and sales prices, affirmative marketing plans, affordability assistance program design, creation of industry-leading policies and procedures manuals and much more to comply with the State's *Uniform Housing Affordability Controls*.

All applicants for affordable housing in our client municipalities log onto their own **Affordable Homes New Jersey Profile** to update their contact information and see exactly where they are on the affordable housing waiting list. No other firm in the state has capabilities that even begin to approach the efficacy, speed, responsiveness to applicant inquiries, and user-friendliness. AffordableHomesNewJersey.com has transformed the way we provide Administrative Agent services and improved the applicant experience tremendously. This is why our firm has nearly doubled its affordable housing admin portfolio in a very short time. Furthermore, these online tools and database enable us to administer affordable units in small inclusionary developments effectively and efficiently as well as large projects.

Detailed applicant information is stored in our secure database on the Salesforce platform enabling us to monitor the program and provide valuable insights into our clients' portfolio and its applicants. For example, we can report on how long it takes to sell a unit, how long it takes to rent a unit, how many are currently for rent, how many applicants have special needs, and so much more. Our clients are able to quickly have this information upon request. No other firm has these reporting and analytic capabilities that we include in our portfolio of services.

CGP&H's **Affordable Homes New Jersey** website and profile is now so widely recognized that we receive inquiries from affordable homeowners in municipalities not administered by CGP&H requesting that we list their home and administer the sale! We are also leaders in implementing Accessory Apartment Programs that work. From the challenges of rehabilitating an owner-occupied home to acquiring market rate homes and reselling them under a Market to Affordable Program, CGP&H is the most comprehensive, experienced and capable affordable housing implementation team operating in New Jersey today.

Comprehensive answers to all the questions posed by the Borough of Mountain Lakes are on the following pages.

1. Have you had experience handling the accessory apartment program? If yes, please describe your experience. What, specifically, do you do for other towns?

CGP&H has always been a leader in the creation and successful implementation and then administration of accessory apartment programs. CGP&H creates a program manual that is based upon and supportive of the municipality's current zoning ordinance(s) as to where in the municipality accessory apartments are to be a permitted use and where it is never permitted; what are the lot density, setback, size and other lot requirements to create an accessory apartment as a permitted use; and how the municipality will address an illegal unit that currently exists. There are many other home rule decisions that we will discuss with each new client municipality and its planners to create a program that complements the municipality's land use objectives.

Once the manual is written to the municipality's satisfaction, it is generally provided to the court for their review and approval. CGP&H has a perfect track record for our manuals being approved by the court.

Staff at CGP&H then work with the municipality on proper and inexpensive advertising. The type and extent of advertising depends on many local circumstances, including how many units the municipality wants to create by 2025, helping guide how aggressive the marketing needs to be. Since this program can only be marketed to existing owners in the municipality, marketing becomes more straightforward than regional marketing and can be accomplished through posting on the municipality's website; placement in tax mailings and/or any other mailings (again, only for clients wanting to be very aggressive about marketing), press releases, and when available municipal email blasts..

CGP&H answers all owner/potential landlord questions about the program on behalf of our client municipalities, working closely with the municipality's zoning, planning or land use board in cases where bulk or use variances may be required. Questions often focus on maximum permitted rental pricing, tenant selection procedures, credit and criminal background checks, who pays the utilities, deed restriction questions, just to name several

The approach CGP&H takes to administering accessory apartment programs is efficient and cost-effective. Whereas CGP&H has an entire team of seven staff members who only focus on housing rehabilitation to address a municipality's present need obligation, the accessory apartment program should not require any of those labor intensive services. Rather, once an accessory apartment is approved to be built, we recommend that it be handled by the municipality like any other construction/renovation project, ensuring that the owner applies for all applicable permits and then successfully close out all open permits and secures a certificate of occupancy or other applicable approval from the municipality.

At least three months prior to project completion (ideally), CGP&H will begin affirmatively marketing for tenants for the unit. UHAC rules require that we reach out to the multi-county region to do such advertising. For the very first accessory apartment, we require paid advertising in one or more newspapers that will reach the multicounty region. Once the municipality has a current and sizable wait list, we will periodically (usually quarterly) continue to do regional mailings to major public and private institutions throughout the region. On the mailing list will include any additional party named in the section of the municipality's

settlement agreement with regard to affirmative marketing. Such entities usually include various advocacy agencies, as is required by UHACCGP&H has innovated an approach that saves all our client municipalities a great deal of money for these quarterly mailings: we name all of our clients' projects throughout the region on each mailing, and then share the mailing costs among our many clients in each region, making each mailing to hundreds of institutions only a fraction of their price to each of our clients. We usually do not even expend our full reimbursable expens budgets with our municipal clients due to this cost sharing approach.

We have a cutting edge, highly interactive, best in class interactive database wherein interested parties can submit a pre-application online; get placed through computer randomization on the wait list; get invited to view the unit; and connect to the landlord. . At that point CGP&H will coordinate with the landlord and the applicant, have the landlord show the unit and run any credit checks they wish (must be completely consistent from applicant to applicant). Once the applicant determines they would like to live there, and the landlord determines they meet their credit criteria and any other legal conditions, we invite the applicant to complete a full application through our web site. They are usually given one week to complete the application (with the possibility for a one week extension). These deadlines are given to minimize the delays in filling a vacant unit. The landlord can use a sample lease of their choosing, as long as it is reviewed and approved by CGP&H.

CGP&H will annually provide the landlord with maximum rental percentage increases and will require that the landlord send them a fully executed tenant lease renewal on a timely basis.

There are hundreds of other little steps involved along the way, some of which are unique from case to case. This brief description of our approach to administering successful accessory apartment programs does not go into specific detail about special scenarios such as how to work with an illegal unit that wants to become legal, however the above paragraphs represent the major steps involved from inception to completion of an affordable accessory apartment unit, in the manner that we are doing for other municipalities at the present time.

2. Does your firm handle both prospective tenant applicants for housing and prospective property-owner applicants for creating an accessory apartment?

Yes, one of the things that makes accessory apartments more labor intensive than , standard affordable housing programs is that we have to first educate and work with the property owner applicants to create the units. After that is accomplished working with prospective tenant applicants is an easier more typical process. Once the units are built, the process for finding tenants and filling those accessory units is no different than filling any of the other affordable rental units that we oversee. The unique part of the accessory apartment process is the creation of a new unit, whether from a barn, a garage, or even built from scratch on a single lot site, dependent on the ordinance. To facilitate this process we have an experienced affordable housing specialist in our office who coordinates with the prospective landlords, taking them through the whole process. Once the unit is close to receiving a certificate of occupancy, the specialist hands off the project to our regular case management team which includes our Vice President of Affordable Housing and our Administrative Agent Manager who supervises our case managers and assigns at least one of our five case managers to working with prospective tenants and helping them through the application department. Each of the two discreet parts requires a different skill set and we assign to our thoroughly trained staff based on those differences.

3. Do you administer the NJ rehab program, for income-qualifying property owners whose homes need repair?

We have overseen the rehabilitation of more than 3,000 homes in municipalities through New Jersey and Pennsylvania, currently providing housing rehabilitation services to 40 of our municipal clients and 2 county clients. CGP&H always ensures that every housing rehabilitation program is seamless and rooted in the principles of maximizing efficiencies while imparting a visible, long-term positive impact for communities. From program creation to full-case processing through completion of construction and issuance of warranties to homeowners, CGP&H offers a full-service housing rehabilitation solution second to none. Always compliant with regulatory requirements, our professionals ensure an optimal outcome every time.

Our housing rehabilitation program website, www.hip.cgph.net provides useful information for both homeowners and contractors interested in participating in our clients' Home Improvement programs. It also makes it easy for homeowners to submit a one-page electronic preliminary application and for contractors to obtain a contractor application at their convenience. Please visit www.hip.cgph.net to see how our specialized website would serve residents. Our municipal clients choose CGP&H, and fellow planners and attorneys consistently recommend us to their clients because our programs are carefully designed to comply with all state and federal regulations, produce the most units per dollar, and result in quality construction with satisfied homeowners and renters. Other areas where CGP&H continues to shine include:

- **Creation of new or updating existing Policies and Procedures Manuals to be thorough and in full compliance of applicable federal and/or state regulations**
- **Comprehensive and extensively documented case files which municipal clients; HUD consultants, and state and federal auditors consistently praise**
- **Detailed work write-up specifications and bid documents that are second to none**
- **Progress inspections during the construction phase that increase contractor compliance**
- **Innovative, customized multi-media marketing to homeowners and contractors alike**
- **Local contractor outreach, encouraging participation from the best local contractors**
- **Successfully manage difficult contractors that prove to be sub-standard**
- **Friendly, always accessible, and bilingual staff**
- **Extensive phone support, and in person assistance whenever required**

The satisfaction rate among our applicants and quality of our case files have set the benchmark on which other rehabilitation programs are judged. In fact, on many occasions, our firm has been brought in after municipal programs were severely mismanaged by either other consultants or in-house staff, such as Bound Brook, Freehold Borough, Fairfield (Salem), New Brunswick and the City of Passaic. In every case, CGP&H turned those programs into successes, lauded by the very state and federal agencies that previously had problems with those municipal programs. Whether working with a problem situation, or in a municipality that is brand new to housing rehabilitation, or even taking over administration of a currently successful program, our approach is consistent to achieve the desired results. These reasons, coupled with our highly-experienced management and case team members are the primary reasons for the successes for each of the housing rehabilitation programs we administer throughout New Jersey for our municipal clients, as well as the housing rehabilitation programs we administer in Pennsylvania.

4. What is your process for educating the public on the affordable housing program?

CGP&H employs various methods of educating the public about affordable housing opportunities that we administer for clients.

For all of our programs, rental, sale or housing rehabilitation, we suggest a location on the municipality's website that is logical and very easy to find. That page should explain each functioning program in sufficient detail to help the reader "self-select" what is or isn't potentially applicable to them. There should be email links to our assigned staff member to answer specific questions that they may have.

In regard to affordable housing for sale or rental, CGP&H will affirmatively market the affordable units to maintain a list of interested applicants. Information will be posted on our cutting edge, highly interactive website called, AffordableHomesNewJersey.com. For opportunities in Mountain Lakes, we would also send out mailings quarterly to our existing distribution list of approximately 250 community groups, major employers, and social service providers in Region 2 which is comprised of Essex, Morris, Union, and Warren counties. We would also share our list with Mountain Lakes to see if the municipality would like to add any community groups, major employers or social service providers to our comprehensive list. All units will also be posted on NJHRC.gov as well as Twitter, Instagram and Facebook where CGP&H has over 2,000 followers. If the Borough uses an email blast system or social media, we would certainly recommend similar postings there, or simply directing readers to the pages on our web site dedicated specifically to Mountain Lakes.

In regard to our housing rehabilitation programs, for each client municipality, CGP&H implements a Marketing Plan to recruit interested homeowners to the Program. In consultation with the municipality, CGP&H employs a variety of proven free and low-cost strategies to advertise the program within the municipality which usually includes, but is not limited to, advertising on the municipal website, appending announcements and/or flyers to appropriate municipal mailings, creating 11" by 17" laminated posters and complementary flyers and more detailed brochures for display and distribution at key high visibility locations. We also utilize free local cable TV advertising, if available, to establish the program's applicant pool/waiting list and expand contractor interest as well. We also use email blasts, twitter, and Facebook in cases where the municipality already provides such services to its residents. If future program marketing is needed, CGP&H also periodically prepares press releases for a series of free advertising opportunities. We offer to make group presentations to community organizations or to the public at large at a client's municipal building, and even to local contractors to explain the program and its benefits to them. Paid newspaper advertisements are be utilized as a last resort, when deemed necessary and appropriate and is almost never necessary. The methods we use and the order of their deployment is always analyzed to implement the most effective combination of strategies at the right time. Extensive marketing efforts are essential for all successful housing rehabilitation programs to meet their productivity objectives. Our tried and true approach to marketing is one of the many phases of a strong rehabilitation program that differentiates us from any other provider.

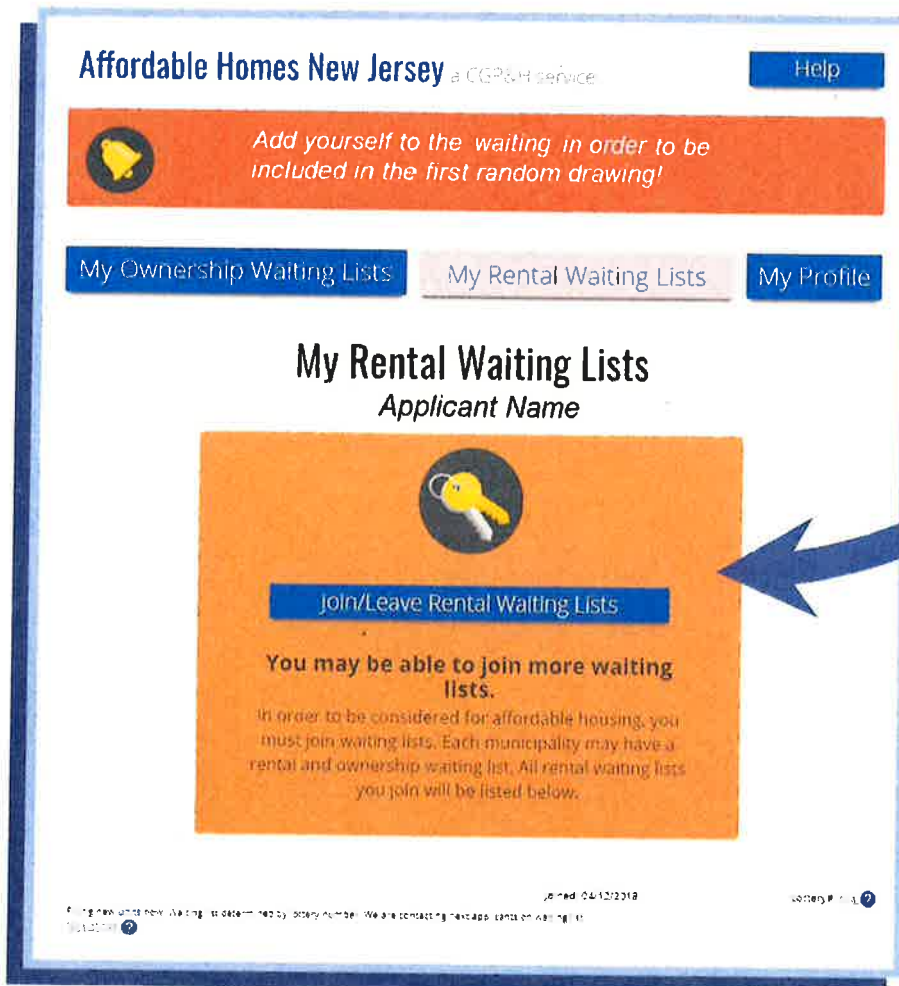

In regard to more specialized or challenging programs to administer such as accessory apartment programs or market to affordable programs, we may also employ additional strategies such as having public meetings, extensive marketing, proactive mailings to prospective participants to educate them about our programs and help them through the process, and much more. Our dedicated team of professionals works tirelessly on the phone, through email, and in person to find appropriate program participants and help them through the process from start to finish.

5. What is your process for handling resident and non- resident requests for housing?

CGP&H employs the most sophisticated online tools available in the state to engage applicants in a seamless digital process for applying for housing opportunities in our client municipalities. When an applicant is interested in being added to the municipality's waiting list for affordable housing, they will be able to submit a pre-application online directly from the **AffordableHomesNewJersey.com** website. This short Pre-Application will ask basic information about the applicant's household size and income to determine whether the household may qualify for affordable housing. If an applicant does not have access to a computer or phone, they will be mailed a preliminary application, or we will assist them over the phone.

Online Affordable Homes New Jersey Profile

Every applicant who applies to rent or purchase a home in the municipality will be able to access their own **Affordable Homes New Jersey Profile** page like the one shown in the following figure. On that page, they will be able to see the information we have on file for them such as annual income and household size. If the applicant needs to update their income or phone number for example, they can click the "Update My Profile Information" button. The personalized profile enables applicants to verify that we always have their most current information on file and to quickly update their information themselves. The profile page also will also show that they are on the waiting list to purchase or rent a home in the municipality and shows available homes that they may qualify for.

Applicants can add themselves to the municipality's waiting list from their own profile page!

Streamlined Digital Communication with Applicants

When applicants submit their online preliminary application, we use an email verification tool to make sure that the email address the applicant provided is correct and our email is not blocked by spam blocker. Our ability to communicate with applicants is critical because we email applicants notifications when we get to their name on the waiting list for an available unit. These emails provide applicants more information about the available home and applicants can "Request to Visit" the home or "Skip This Unit" by clicking a button directly from the email.

Applicants receive emails where with one click they can "Request to Visit" or "Skip This Unit"

We typically need to contact at least ten applicants for every applicant that rents a unit. During this outreach we screen for eligibility (such as income and household size) and provide additional information about the units and landlord policies. Though an applicant may be next on the waiting list for an affordable unit, there are numerous reasons why that applicant may choose not to proceed with that particular unit. For example, they may have moved on to another housing option or are currently in the middle of a lease they cannot break. Our streamlined communication system allows us to learn quickly if an applicant is not interested in a unit, so we can move on to the next applicant on the list as soon as possible. CGP&H strives to make this component of the process as efficient as possible so applicants can get much needed affordable housing quickly and landlords can rent units in a timely fashion. When an applicant is interested in a unit and clicks "Request to Visit", they will be asked additional questions to confirm they qualify for the specific unit, and if so they will be referred to the landlord.

Applicants will be notified immediately via email if they are not eligible because, for example, they are over the income limit or their household size is too large for the available unit. This immediate processing allows us to move onto the next preliminary applicant to fill the affordable units as quickly as possible. Our automated email communications provide detailed information to applicants on the waiting the waiting list 24/7, so they know their change in status, without any delays. Due to the advanced interactive nature of our database, applicants being notified that they are ineligible can immediately request a review online via a link from their email and update their information if applicable.

Affordable Homes New Jersey

An affordable home has become available and your name is in the next group of potential applicants. To confirm your interest, please review the listing below (which includes all the information we have at this time)

• PLEASE NOTE THE DEADLINE TO RESPOND. If you do not take action by this deadline, we will assume you are not interested in this home and we will move to the next person on the waiting list. You will not be contacted about this home again.

Please respond by: 07/26/2018

Online Full Application

Before an applicant can rent or purchase an affordable home, they will be sent a link to an online application form to start the full income certification process. We have received positive feedback from applicants who prefer to complete the form online rather than a hard copy application. The online form is user friendly and applicants can save their progress while they input bank account and other income-related information requested in the application.

Online Annual Renewal

Applicants can update their contact information, income, household size and other qualifying information any time from their **Affordable Homes New Jersey Profile**. If applicants have not updated in the last year, we will email them a series of emails notifying them that their profile will expire and they will be removed from the waiting list if they do not submit an update via the link provided in the email. If they fail to respond to multiple email requests to update, they will be sent a final email notifying them that they have been removed from the waiting list.

Applicants without email addresses will be mailed annual renewal requests.

Household Certification

CGP&H will maintain a waiting list of households interested in purchasing or renting affordable units in the municipality.

CGP&H ensures that our waiting lists are filled with applicants that are still interested in affordable housing so that when specific opportunities arise, less time will be spent inviting dozens on the waiting list who have moved on to other housing options. CGP&H's online system requires that our applicants re-affirm their interest in remaining on the waiting list. The positive impact on how quickly this approach can fill vacant units is nothing short of remarkable. CGP&H will complete income certifications for all households that submit full applications.

There is no other firm in the entire state that provides such a robust and user-friendly online database, with so much transparency for applicants. Through our online profile system, applicants can add or remove themselves from the municipality's waitlist, update personal information (such as income, children born, marriage/divorce etc.), and much more. This 24-7 access is available right on their computer, smart phone, or any other device with an internet connection. CGP&H's system has earned accolades from applicants, landlords and sellers of affordable housing as these technological advances have brought the modern-day convenience and access of the latest mobile and web technologies to the processes of renting, leasing, selling and purchasing of affordable homes with exemplary results.

6. What is your response time for questions from the public?

As a technology leader in our field, our applicants have 24-7 access to a host of resources for information both on available housing opportunities, additional housing resources, and access to their own information such as information regarding their own waitlist status or properties they may be eligible to apply for. This online access has greatly reduced our need to communicate over the phone directly with the public because of the helpfulness of our online resources. However we are available by phone and by email for inquiries from the public, which we generally respond to within 24 hours of receiving a call. Here is a sample of a website that would be created for Mountain Lakes if we are hired as administrative agents:

7. What are your roles and responsibilities in effectively and correctly administering affordable housing consistent with all applicable regulations and what is the municipalities (municipal liaison)?

The primary mission of the Administrative Agent is to ensure that restricted homes are rented or sold to eligible low and moderate-income households and that the restrictions are enforced throughout the term of affordability. CGP&H will assume all the duties of the Administrative Agent as defined by the Uniform Housing Affordability Controls (N.J.A.C. 5:80-26) which are quoted directly below:

5:80-26.14 Administrative agent

- (a) The affordability controls set forth in this subchapter shall be administered and enforced by the administrative agent. The primary responsibility of the administrative agent shall be to ensure that the restricted units under administration are sold or rented, as applicable, only to low- and moderate-income households. Among the responsibilities of the administrative agent are the following:
1. Conducting an outreach process to insure affirmative marketing of affordable housing units in accordance with the provisions of N.J.A.C. 5:80-26.15;
 2. Soliciting, scheduling, conducting and following up on interviews with interested households;
 3. Conducting interviews and obtaining sufficient documentation of gross income and assets upon which to base a determination of income eligibility for a low- or moderate-income unit;
 4. Providing written notification to each applicant as to the determination of eligibility or non-eligibility;
 5. Creating and maintaining a referral list of eligible applicant households living in the COAH region and eligible applicant households with members working in the COAH region where the units are located;
 6. Employing a random selection process when referring households for certification to affordable units;
 7. Furnishing to attorneys or closing agents forms of deed restrictions and mortgages for recording at the time of conveyance of title of each restricted unit;
 8. Creating and maintaining a file on each restricted unit for its control period, including the recorded deed with restrictions, recorded mortgage and note, as appropriate;
 9. Instituting and maintaining an effective means of communicating information between owners and the administrative agent regarding the availability of restricted units for resale or rental;
 10. Instituting and maintaining an effective means of communicating information to low- and moderate-income households regarding the availability of restricted units for resale or rental;
 11. Reviewing and approving requests from owners of restricted units who wish to take out home equity loans or refinance during the term of their ownership;
 12. Reviewing and approving requests to increase sales prices from owners of restricted units who wish to make capital improvements to the units that would affect the selling price, such authorizations to be limited to those improvements resulting in additional bedrooms or bathrooms and the cost of central air conditioning systems;
 13. Processing requests and making determinations on requests by owners of restricted units for hardship waivers;
 14. Communicating with lenders regarding foreclosures;
 15. Ensuring the issuance of Continuing Certificates of Occupancy or certifications pursuant to N.J.A.C. 5:80-26.10;
 16. Notifying the municipality of an owner's intent to sell a restricted unit;
 17. Ensuring that the removal of the deed restrictions and cancellation of the mortgage note are effectuated and properly filed with the appropriate county's register of deeds or county clerk's office after the termination of the affordability controls in this subchapter for each restricted unit;
 18. Providing annual reports to COAH as required; and
 19. Such other responsibilities as may be necessary to carry out the provisions of this subchapter.

- (b) The administrative agent shall create and shall publish in plain English, and in such other languages as may be appropriate to serving its client base, a written operating manual, as approved by COAH, setting forth procedures for administering such affordability controls, including procedures for long-term control of restricted units; for enforcing the covenants set forth in Appendices A, B, C, D and E of this subchapter, consistent with the provisions of N.J.A.C. 5:80-26.18; and for releasing restricted units promptly at the conclusion of applicable control periods. The administrative agent shall have authority to take all actions necessary and appropriate to carrying out its responsibilities hereunder.

The operating manual shall have a separate and distinct chapter or section setting forth the process for identifying applicant households seeking certification to restricted units, for reviewing applicant household eligibility, and for certifying applicant households in accordance with the household certification and referral requirements set forth in N.J.A.C. 5:80-26.16.

1. Such process shall require that an applicant household be notified in writing of the results of its application for certification within 20 days of the administrative agent's determination thereof.
2. At the discretion of the administrative agent, such process may include either or both an outreach requirement and a face-to-face applicant interview process.
3. The administrative agent shall establish and maintain a ready database of applicant households as a referral source for certifications to restricted units, and shall establish written procedures to ensure that selection among applicant households be via the database, and in accordance with a uniformly applied random selection process and all applicable State and Federal laws relating to the confidentiality of applicant records.

UHAC (N.J.A.C. 5:80-26.18(c)), describes the responsibilities of the municipality (including the municipal housing liaison) include:

1. Provide to the administrative agent the name, title and telephone number of the municipal official who shall be responsible for liaison with the administrative agent on all matters related to this subchapter;
2. Ensure that applicable local ordinances are not in conflict with, and enable efficient implementation of, this subchapter;
3. Retain or otherwise designate legal counsel for the purposes of representing any municipal entity acting as administrative agent and of enforcing the controls set forth in this subchapter;
4. Ensure that all restricted units are identified as affordable within the tax assessor's office and any municipal utility authority (MUA). The municipality and MUA shall promptly notify the administrative agent of a change in billing address, payment delinquency of two consecutive billing cycles, transfer of title, or institution of a writ of foreclosure on all affordable units; and
5. Provide all reasonable and necessary assistance in support of the administrative agent's efforts

Fee Proposal

Affordable Housing Administrative Agent Services

Borough of Mountain Lakes New Jersey

October 18, 2019

CGPH

Community Grants, Planning & Housing
Good People. Great Results. Since 1993.

randy@cgph.net

Fee Proposal

CGP&H Fee Proposal Overview

The following table is an overview of the fees CGP&H will charge for affordable housing Administrative Agent Services for to the Borough of Mountain Lakes. Below this table are additional tables that break down by line items the fees in each category.

Total Budget Required for Comprehensive Administrative Agent Management and Accessory Apartment Services	
Total for Accessory Apartment Program (See Table A below for details)	\$16,150
All Other Identified Administrative Agent Services (See Table B below for details)	\$5,850
TOTAL COMBINED EXPECTED COST TO MOUNTAIN LAKES	\$22,000

The remaining costs of providing administrative agent services in the Borough of Mountain Lakes are expected to be paid by landlords and owners of deed-restricted units. See Table C for the pricing that CGP&H will charge landlords/developers for that work. Please note the Borough of Mountain Lakes would normally not be responsible for any of the fees in Table C.

A. Fees for Accessory Apartment Program Paid by Mountain Lakes		
Service	Billing Terms	Budget
1. Accessory Apartment Program Setup	Not to exceed \$2,000 for first contract year, billed at \$120/hour.	Maximum amount without approved change order: \$2,000
2. Accessory Apartment Program Implementation	Estimated not to exceed \$7,000 per unit billed at \$120/hour, except for income eligibilities which will be at \$85 per hour.	For two units per year, estimated not to exceed: \$14,000
3. Reimbursement of Expenses	Expenses reimbursed as incurred on monthly invoices	Not to exceed \$150 per year
TOTAL FOR ACCESSORY APARTMENT PROGRAM (Assuming two accessory apartments)		\$16,150

- 1. Accessory Apartment Program Setup:** This includes, but is not limited to, working with Borough representative(s) to set program terms; creation of operating manual, forms and appropriate outreach materials. Anticipates a maximum of one in person meeting may be required.
- 2. Accessory Apartment Program Implementation:** This includes, but is not limited to, the ongoing efforts to market the program to existing property owners, distribute marketing materials, answer homeowner inquiries; taking both owner participation applications from initial submission through to case closing and then subsequently working with interested tenant applicants. The Borough can decide whether it wants owners of future accessory units to pay CGP&H to market and fill their vacancies whenever that occurs, or whether the Borough will cover this periodic expense.
- 3. Reimbursement of Expenses:** CGP&H will bill Mountain Lakes for direct costs related to annual mailings to homeowners and regional mailings conducted as part of required affirmative marketing. All direct costs will be based on actual costs incurred only.

The following Table B is if the Borough wants CGP&H to also be its overall administrative agent, help prepare annual reports, etc.

B. Administrative Agent Fees Paid by Mountain Lakes		
Service	Billing Terms	Budget
1. Project Setup (only in first year)	One-time not-to-exceed fee of \$1,500 billed at a rate of \$120 per hour for senior staff and \$80 per hour for all other staff.	\$1,500
2. General Administration & Reporting	Annual not-to-exceed fee of \$3,750 billed at rate of \$120 per hour for senior staff and \$80 per hour for all other staff.	\$3,750
3. Waiting List Fee (Existing Affordable Sale Units)	Annual fee of \$30 per existing affordable sale unit in the Borough.	Estimated \$300. Amount to be determined by number of restricted units managed by CGP&H
4. Reimbursement of Expenses	Expenses reimbursed as incurred on monthly invoices	\$300
TOTAL FOR ADMINISTRATIVE AGENT SERVICES (Not including accessory apartment program)		\$5,850

- 1. Project Setup:** This includes but is not limited to creating administrative agent manual, creation of or revisions to a municipal Affirmative Marketing Plan, and creating webpages on AffordableHomesNewjersey.com for affordable housing opportunities in Mountain Lakes.
- 2. General Administration & Reporting:** This includes but is not limited to: taking calls from families interested in affordable homes, affirmatively marketing affordable homes, annual mailings to deed restricted homeowners in compliance with UHAC regulations, and, dealing with most foreclosure and enforcement issues that may arise. CGP&H will expertly perform all mandated annual reporting. In addition, using our uniquely capable database system, CGP&H will provide the Borough with additional value-added reports on various aspects of the Borough's affordable housing portfolio which include easy-to-read graphics and charts that will make some of the more mundane data colorful and interesting to have on the Borough's website. This line item also includes responding to general affordable housing inquiries and advising Mountain Lakes and/or developers on affordable housing requirements and/or pricing of new developments, up to the allocated budget.
- 3. Waiting List Management (Existing Affordable Sale Units):** CGP&H has invested in the web-based Affordable Homes New Jersey Profile outlined throughout this proposal which will be utilized to maintain Mountain Lakes' waiting lists (for affordable sales and affordable rentals). For the sales units, this online system has the dual benefit to both applicants and affordable housing sellers alike by providing around the clock, user friendly and robust on-line tools for affordable housing applicants,

while also increasing user turnaround times and cost efficiencies in our provision of these services. It will also allow for very robust and informative reports, including charts, with second to none informative data that can be shared on the Borough's website, as part of the Borough's mandated series of required reports from its approved settlement agreement.

4. **Reimbursement of Expenses:** CGP&H will bill Mountain Lakes for direct costs related to annual mailings to homeowners and regional mailings conducted as part of required affirmative marketing. All direct costs will be based on actual costs incurred only.

The following Table C explains fees that could be charged to new developments in Mountain Lakes that utilize CGP&H for required Administrative Agent services.

C. Fees Usually Paid by Developer/Landlord (not the Borough)	
1. Waiting List Management (Rental Units)	\$300 per year for projects with fewer than ten (10) affordable units. \$30 per unit per year for projects with ten (10) or more affordable units.
2. Rental Fees	Flat fee of \$800 per income certification CGP&H will not bill for applicants found ineligible.
3. Annual Lease Renewal Fee	\$30 per lease renewal reviewed and filed
4. Existing Ownership Fees	3% of the sale price of the home for sales or minimum of \$2,500. \$175 flat fee to process refinancing request <i>These fees are paid by the affordable home owner/seller.</i>
5. New Ownership Sale Fees	Total fee of \$2,000 per sale unit. \$1,000 will be billed at the time each home goes under contract and \$1,000 will be billed at closing. In the event that a buyer goes under contract and does not close, the first \$1,000 payment would not be returned.
6. Set-up New Projects	Flat fee based on the number of units in each newly constructed project that needs to be affirmatively marketed. For projects with five affordable units or fewer the fee is \$500. For projects with more than five affordable units, the fee is \$1,000.

- 1. Waiting List Management (Rental Units):** The waiting list management fee will allow us to maintain the waiting list on our web-based Affordable Homes New Jersey Profile (affordablehomesnewjersey.com). This unique online system provides around-the-clock, user-friendly and robust online tools for applicants, while also increasing our turnaround times. First launched in early 2016, it has become a game changer for both Landlords and applicants alike. To join the waiting list, applicants submit a short online form and every applicant who meets the income requirements has access their own Affordable Homes New Jersey Profile page. On that page, they can see the information that we have on file for them such as annual income and household size and update it directly from their profile if needed without calling CGP&H. The personalized profile enables applicants to verify that we always have their most current information on file and to quickly update their information themselves. After initial lease-up, all applicants will be required to update their information annually. As a result, the waiting list is always current, allowing CGP&H to quickly find interested tenants when there are vacancies in the future. CGP&H currently has over 40,000 households on its waiting lists, with dozens more joining every day, 365 days a year.
- 2. Rental Fees:** CGP&H will contact the next applicant on the waiting list to prescreen them for eligibility. Applicants determined to be preliminarily eligible will be referred to the landlord and invited to submit a full application if they pass the landlord tenant selection criteria and want to rent the unit.

CGP&H will collect and review extensive documentation from the applicant households to determine their eligibility for an affordable rental unit. Eligibility determination fees do not include credit or background checks, which are generally done by the landlord. Usually, all of these fees are paid for by each landlord, but the Borough has the option of paying all or part of these fees. It is our understanding that the turnover rate in Mountain Lakes is very low. With a five percent turnover rate, for example, this fee will be triggered only about one to two times per year.

3. **Annual Lease Renewal Fee:** CGP&H will advise the landlord of the maximum rental amount before each new lease is executed and we will review all executed leases and maintain copies in our files. Again, these fees are almost always paid for by the Landlord, however, if the Borough wants to help to more gradually transition Landlords into this newer model, the Borough can absorb this fee
4. **Existing Ownership Fees:** CGP&H charges a fee of 3 percent of the sales price to resell an existing affordable owner-occupied unit. This includes referring as many interested and pre-qualified buyers to the seller, coordinating with both the seller and all interested applicants throughout the duration of the sale process, income certifying as many prospective buyers as needed, preparing the closing documents, often attending closings, and performing numerous other duties related to the closing. This fee is paid by the owner directly to CGP&H at closing. Due to the expansive services provided by CGP&H, nearly all affordable housing sellers decide that they do not need to hire a realtor, thereby saving a significant (higher) broker fee. CGP&H also charges existing homeowners a fee to process requests for subordination or home equity loans. This fee will be paid by the homeowner requesting the review.
5. **New Ownership Sale Fees:** After random selection is completed, CGP&H will process the pre-applications, screen pre-applicants, and refer eligible households to the developer, income certify all buyers, coordinate with mortgage providers, and prepare affordable housing related closing documents for the project.
6. **Set-up New Projects:** When new projects are constructed, CGP&H will contract directly with developer to administer the programs.

If a housing rehabilitation program is required, CGP&H would be happy to provide a cost proposal for those services. Providing expert, turnkey housing rehabilitation services is a significant part of CGPH&H, consisting of six staff members who exclusively focus on providing housing rehabilitation services to 40 municipalities in New Jersey and two county clients in Eastern Pennsylvania at this time.

**BOROUGH OF MOUNTAIN LAKES
COUNTY OF MORRIS, NJ**

RESOLUTION 145-19

“RESOLUTION AUTHORIZING THE PAYMENT OF BILLS”

WHEREAS, the Borough Manager has reviewed and approved purchase orders requested by the Department Heads; and

WHEREAS, the Finance Office has certified that funds are available in the proper account; and

WHEREAS, the Borough Treasurer has approved payment, upon certification from the Borough Department Heads that the goods and/or services have been rendered to the Borough.

NOW, THEREFORE, BE IT RESOLVED by the Borough Council of the Borough of Mountain Lakes, County of Morris, State of New Jersey, that the current bills, dated **October 28, 2019** and on file and available for public inspection in the Office of the Treasurer and approved by him for payment, be paid.

XX

CERTIFICATION: I hereby certify the foregoing to be a true and correct copy of a resolution duly adopted by the Borough Council of Mountain Lakes, New Jersey, at a meeting held on October 28, 2019.

Marcy Gianattasio, Municipal Clerk

CONSTRUCTION OFFICE MONTHLY ACTIVITY REPORT

SEPTEMBER 2019

ADMINISTRATIVE SUMMARY

As expected at the end of the summer and with the school year beginning, the number of permit applications tailed off during the month. Favorable weather, though, allowed construction activities to continue and the inspection schedules were full.

An initial meeting was held with representatives of the Sunrise assisted living facility. They are planning to mobilize to begin site work. We expect to receive all of the required documentation and applications in the next month. A pre-construction meeting will be held next to discuss details of the construction administration.

Lightbridge Daycare Academy is progressing with their rehabilitation of the two buildings at 100 Route 46 East. Work continues on both the exterior amenities and the building interiors.

The State of New Jersey adopted a new set of model construction codes effective September 3, 2019. The Construction Office staff is in the process of reviewing the new codes and noting changes from the previous editions. The Fall and Spring semesters of DCA licensing seminars will focus heavily on the new codes.

CDC/NJDOH PUBLIC HEALTH ALERTS

Lung Injury in People Who Report E-cigarette/Vaping: Update

Date: September 26, 2019

Public Health Message Type: Alert Advisory Update Information

Intended Audience: All public health partners Healthcare providers Infection preventionists

Local health departments Schools/child care centers ACOs Animal health professionals Other:

Key Points or Updates:

(1) Cases of lung injury in persons who have a history of vaping/e-cigarette use have been reported across the country. The Centers for Disease Control and Prevention (CDC) reports that as of September 17, 2019, 530 cases have been identified along with seven deaths in six states. Most cases report a history of using e-cigarette products containing THC.

(2) There have been 9 confirmed cases in New Jersey primarily reported among young persons (15 to 45 years-old) with no significant past medical history. More reports are currently under investigation.

(3) NJDOH is providing an update for providers on revised case definition, clinical presentation, guidance for reporting, possible product testing, and prevention messaging (Attachment B: Clinical Information for New Jersey Healthcare Providers Treating Patient with Suspected Lung Injury in People who report E-cigarette/Vaping Use).

Action Items:

(1) The New Jersey Poison Information and Education System (NJPIES) will serve as the main focal point for clinicians who are reporting suspected cases of lung injury in persons who report e-cigarette/vaping use. Reports can be made by calling NJPIES at 1-800-222-1222.

(2) Healthcare providers who are making reports on hospitalized patient should ensure that sufficient information is available regarding the patient's clinical evaluation including, radiographic studies, infectious disease and/or pulmonary evaluation, working

diagnosis or discharge diagnosis, additional diagnostics and treatments prior to reporting the case. (Attachment A: Reporting Process for Vaping and Severe Lung Disease Cases: Healthcare Providers) Please note: This pertains to public health reporting only. Clinicians seeking advice or assistance in managing patients with suspected lung injury from ecigarette/vaping use should not delay in contacting NJPIES for clinical consultation.

(3) Healthcare providers should continue to evaluate patients as clinically indicated and not use the case definition to guide diagnosis. Providers should also conduct and document a thorough substance use assessment include types of e-cigarette/vaping products, frequency/patterns of use, where the product was purchased and any tampering that may have occurred.

Contact Information:

- Stephen Perez, PhD, RN, Epidemic Intelligence Service Officer, Centers for Disease Control and Prevention, New Jersey Department of Health, Stephen.Perez@doh.nj.gov or (609) 826-5964, or
- The Communicable Disease Service at (609) 826-5964 during business hours

Monthly Activities

CDRSS is checked, at minimum, twice daily to review for newly listed communicable diseases. This is accomplished by all nursing staff. Upon the listing of a new disease, investigation of disease is initiated by PHN.

NJLINGS checked daily. Health alerts and advisories are reviewed by all Public Health nurses. Health alerts, recalls, and specific health advisories are forwarded to the Health Educator for dissemination of information to the public if action is warranted as per NJLINGS.

Screenings This Month

No screenings this month.

Disease Prevention - Well Child Program – 2 months thru 18 years of age - L. Gearhart, PHRN

No patients this month for the Well Child Program.

Childhood Lead Poisoning Prevention Program – T. Fucci, PHRN

No cases from Mountain Lakes reported to our office during this month. Lead case management monitoring occurs twice daily at a minimum for jurisdiction within the NJDOH Welligent LeadTrax Monitoring system.

TB Control Program – T. Fucci, PHRN

No Mantoux tests were administered this month.

Perinatal Hepatitis B Prevention Program, T. Fucci, PHRN

No PNHBV cases from Mountain Lakes reported to our office during this month.

Communicable Disease

The classifications for the cases listed below are based on the investigation conducted by the PHN, laboratory evaluation and NJDOH case definition. All investigation information is entered into CDRSS; NJDOH reads entries, comments on individual cases or will send PHN email requesting more data. Once NJDOH is satisfied with investigation methods, the case is approved and closed.

Patient Status is based on pt s/s, lab result interpretation and NJDOH Case Definition which is found in the NJDOH Communicable Disease Manual

September 2019

New Cases: 0

Ongoing Cases: 0

BOROUGH OF MOUNTAIN LAKES

Recreation Department

Department Activity **September 2019**

The Recreation Commission met on September 17, 2019. Topics of discussion included an update of the Birchwood beach renovation project and an update for the upcoming Island Beach project. A discussion was held regarding whether to increase the beach fees for next year or the Rack/Ring Fees. Ultimately, the Commission felt that the Racks/Rings should be increased because the price is well below market value and there is an extremely high demand.

- Reviewed summer camps and overall numbers at camps.
- Decided to increase percentage the Borough charges for facilities fees for outside camps to cover administration fees, porta potties, etc. New fees: Borough 40% if we do admin; Borough 25% if they do admin.
- Assisted with various uniform and equipment needs for the Recreation Field Hockey program.
- Continued to update Mountain Lakes website with details of recreation events.
- Researched and booked entertainment/speakers for 55+ group for the remainder of 2019-2020. All events updated on website.
- Provided support, registration, turf time to fall sports programs: Field hockey, cross country, soccer, men's soccer as needed.
- Met with new DPW head, Doug Edler. Working with him on securing quotes for tennis court refurbishment with possible adding of pickleball lines.
- Met with Nate Fitch and John at Gnomecom about the tennis fobs. Trying to secure report on usage of fobs. Need to either deactivate current fobs or cancel entire program.
- Secured use of beaches for Alumni groups, resident parties, Boy Scouts overnight and Home & School events.
- Created new flyer to be distributed to new residents regarding Nixle, Friday Blast and Boro website.
- Met with HUB lakes Board to discuss summer sports. All went well, changes will be passed through in November meeting.

BOROUGH OF MOUNTAIN LAKES

LISTED IN NATIONAL AND STATE REGISTERS OF HISTORIC PLACES

Joe Mullaney
Code Enforcement Officer

October 24, 2019

Dear Borough Council,

It would be my pleasure to serve on the Historic Preservation Committee for the Borough of Mountain Lakes.

I grew up in Mountain Lakes, as did my husband, Dan Sylvester, and we moved back to raise our twins here 14 years ago.

I am a real estate agent with Coldwell Banker here in Mountain Lakes, as was my mother, Nancy Peacock. I grew up in a Hapgood and currently live in one. I have also listed and sold historic homes in town, and even older ones in communities throughout Morris County.

In addition to growing up here and being a real estate agent, I have other skills I know would be beneficial to this hardworking committee. I have been a copywriter for major international ad agencies in NY and Boston. I have also been a public relations consultant, skills I currently use for other organizations. And I have expansive volunteer and board experience, including cub scout pack leader, HSA president, and President and Race Chair of the Orange County Affiliate of the Susan G. Komen Breast Cancer Foundation. Locally, I wrote grants and handled marketing for the Lake Drive Foundation (now Sound Start Babies) for seven years. I worked closely with Joan Nix on the Historic Preservation Grant for the roof for the Lake Drive School. I am currently co-president of the Town Club and on the board of the League of Women Voters. I also serve on the Affordable Housing Accessory Apartments committee.

I am excited to bring my experience, ideas, and passion for this town to the Historic Preservation Committee. I believe their work is vital to this community and look forward to supporting their endeavors.

Thanks for all your do! If you need any more additional information regarding my experience or have questions, please don't hesitate to contact me.

Sincerely,

Sueanne Sylvester
