**Economic Development Advisory Committee
Borough Council Notes June 2019**

Over the past several months, the Economic Development Advisory Committee (EDAC) has been reviewing permitted uses along the Route 46 Corridor. Major discussions were had as to whether Route 46 east (which is currently in Business Zone B, and Route 46 west (which is currently in office zones OL-1 and OL-2 zone, with a small piece residential) should be converted into one single business zone with uniform permitted uses. The EDAC members did not favor that approach. The belief was that a more detailed examination would need to be conducted of the residential portion of Route 46 west to ensure there are no negative consequences. Another point noted was whether our current setback distances between the Route 46 corridor and residential areas was sufficient if retail uses were allowed in addition to office uses.

The EDAC was subsequently asked by the Planning Board to formalize its recommendations for permitted uses in the Business Zone B, in the form of an updated ordinance. The EDAC reviewed the current zoning map and associated permitted uses with the goal of making recommendations for possible changes to enhance business opportunities (and associated retail) without compromising the quality of life in Mountain Lakes. Indeed, allowing certain uses in the Route 46 corridor which are currently prohibited could actually enhance quality of life in Mountain Lakes by bringing to town businesses that would be considered desirable by the community.

The current zones and permitted uses for the Route 46 corridor were developed at a time when it was believed that the general make-up of the east side of Route 46 should be retail/commercial and the west side of Route 46 should be office. The EDAC felt it important to review uses which were restricted at that time on the basis that the general community might view the desirability of these uses differently in 2019.

An expansion of the current existing uses along the Route 46 East Bound corridor was discussed. The Borough Planner was consulted for guidance on how other communities are dealing with similar issues and what guidance he had for maintaining a viable business community along Route 46. It was the belief of EDAC that the current general restrictions should be removed – hotels, gas stations, drive-thru's (current wording is that "drive-ins" are prohibited), and dry cleaning (no longer any reason to restrict). It was noted that environmental topics, traffic safety, and development aesthetics, would be assessed as part of the planning process by properly credentialed professionals.

Allowance of mixed use of retail and residential was discussed. This was considered desirable and flows with the recently approved overlay for affordable housing. It was felt that this might be more appropriate for a later review of the Route 46 West corridor.

While outside the zoning/allowable use discussion, the members present felt it was important to review the current height restriction in our business zone to see if it is realistic and, to determine an appropriate and realistic height limit in the business zone.

It was felt unnecessary to discuss any changes to the Business Zone A (Midvale area) or the OL-2 zone south of Fanny Road at this time.

Next Steps

The next proposed step is the establishment of a joint Borough committee to review the current EDAC draft and to recommend a consensus position similar to what was accomplished for the historic preservation incentives. Following a review and recommendation of the proposed EDAC draft, it is proposed that this *ad hoc* committee proceed to review the entire zoning ordinance for recommended changes. It is suggested the committee be comprised of members of the following:

- Historic Preservation Advisory Committee (1)
- Economic Development Advisory Committee (1)
- Environmental Commission (1)
- Planning Board (3)
- Zoning Board (3)

Convenience store with associated fuel sales: An establishment which includes a combination convenience store and gasoline station functioning as a single use on a lot or property.

Educational play center: A multipurpose children's activity space devoted to learning, recreation and entertainment, which may offer classes and organized events such as birthday parties, and which may include accessory retail sales.

Health and fitness facility: An establishment open to the public on a membership basis which provides facilities for personal training, aerobic exercise, running and jogging, weight training and strength conditioning, game courts, swimming facilities and exercise equipment and which may include accessory sauna/steam rooms, showers, lockers, spa treatments including massage, snack/juice bars and accessory retail sales of related sports apparel and equipment.

Indoor commercial recreation use: An establishment where entertainment or recreation services are provided to the general public, and for which user fees are charged. Uses include, but are not limited to roller and ice skating rinks, indoor climbing gyms, gymnastics centers, bowling alleys, arcades, escape rooms, billiards and virtual experience centers.

Instructional schools and studios: Establishments which provide classes and workshops for dance, yoga, pilates, culinary, creative arts and crafts, music, martial arts, academics and athletics.

Pet care and grooming facility: An establishment that provides temporary boarding, training, grooming and care for dogs, cats or other domestic animals or household pets. This shall not include overnight boarding of pets, the breeding or sale of animals or veterinary services customarily offered at an animal clinic or hospital.

Restaurant, drive-through: An establishment where food or drink is served to customers in vehicles at a drive-through window and where consumption of such food or drink is intended to occur off the premises.

Self-storage facility: A building or group of buildings containing individual and private storage spaces of varying sizes available for lease or rent for varying periods of time and where the occupants have access to the facility only to store and remove their personal property.

Showroom: An establishment offering household furnishings, fixtures or appliances to the general public and where sample products are displayed within a room or rooms on the premises. Such establishments may also offer remodeling, decorating or design services.

(3) Automobile service stations. Automobile service stations shall be subject to the following regulations:

(a) No hammering, welding or painting repair work on cars shall be done, or other work of the type usually conducted by and at automobile body shops in repairing damaged motor vehicles.

(b) A gasoline service station may also include a retail business.

(c) Parking shall be provided at 1 stall/100 square feet of Gross Floor Area for employees and customers.

(d) No outdoor or open display of merchandise or wares shall be permitted

(e) All pumps, island and canopies serving to protect customers while fueling shall be located a minimum of 40 feet from any lot or street line. Canopies, pumps and islands shall be considered accessory structures and not a second principal structure.

(f) All lifts, greasing racks and other similar equipment shall be within the building. The underground storage of petroleum products shall meet federal and state codes, as applicable, to protect the Borough's groundwater resources.

(g) The minimum frontage requirement shall be 300 feet.

(h) Motor vehicles may be parked upon the lot but only insofar as reasonably incident and accessory to the operation of an automobile service station and only in such manner and location which neither interferes with ingress and egress to the premises nor creates any hazardous condition. No storage of motor vehicles, and no unsightly accumulation of vehicles or parts thereof, shall be permitted.

(i) No banners, pennants, moving or fixed display devices, or other items of an advertising nature shall be erected on the lot or affixed to the exterior of the building or any improvement on the lot, with the exception of signs authorized by § 245-17.

(4) Restaurants with Drive through facilities

(a)

Drive-in or drive-through facilities are permitted subject to a minimum que of six (6) vehicles. The pick-up window shall be located on the side or rear of the building to limit visibility from the primary road frontage.

(b)

No driveway shall open upon a public street within 150 feet of an intersecting public street, measured from the intersection of the tangents of the adjacent curblines.

(c)

One on-site parking space shall be provided for every two seats.

(d)

No lot line or portion thereof shall be within 1,500 feet of the lot line or portion thereof of another fast-food restaurant.

(5) Self-service storage facilities.

(1)

Self-service storage facilities are permitted only within multistory structures designed to emulate multifamily or office buildings.

(2)

The only activities permitted in individual storage units shall be the rental of the unit and the pickup and deposit of goods and/or property in dead storage. Storage units shall not be used for activities such as:

(a)

Residences, offices, workshops, studios, or hobby or rehearsal areas.

(b)

Manufacturing, fabrication, or processing of goods, service or repair of vehicles, engines, appliances or other electrical equipment, or any other individual activity.

(c)

Conducting retail sales of any kind, including garage or estate sales or auctions, or to conduct any other commercial activity; provided that the operator of the self-service storage may conduct a sale or otherwise liquidate the contents of any storage unit to satisfy and settle an account of unpaid rent or other charges, through public or private sale, in a manner provided by law.

(d)

Storage of flammable, perishable or hazardous materials or the keeping of animals.

(3)

The rental of trucks, trailers or moving equipment and the installation of trailer hitches are prohibited.

(4)

Sale of boxes or packing materials is permitted but only if accessory to the self-service storage facility.

(5)

Self-service storage facilities shall not operate or allow tenant access between the hours of 12:00 midnight and 6:00 a.m.

(6)

All goods and property stored in a self-service storage facility shall be stored in an enclosed building. No outdoor storage of any kind, including but not limited to storage of boats, RVs, vehicles, trailers or similar vehicles, etc., or storage in outdoor storage pods or shipping containers is permitted.

(7)

All storage units above ground level and storage units visible from residential areas shall gain access from the interior of the building(s) or site; no unit doors, loading bays, or docks may face or be seen from any adjacent residential areas.

(8)

Electrical service to storage units shall be for lighting and climate control only. No electrical outlets are permitted inside individual storage units. Lighting fixtures and switches shall be of a secure design that will not allow tapping the fixtures for other purposes.

D. Prohibited uses. The following uses are expressly prohibited:
(1) Sexually oriented establishments except as provided for in Subsection **C** above.

§ 245-15 **Supplementary use regulations.**

A. Conformance to regulations. See § **245-2**.

B. Permit required. No building, structure or part thereof shall be erected, raised, moved, extended, enlarged, altered or demolished until a permit has been granted by the Construction Official. A construction permit shall be conditional until a foundation survey is made at the time the foundation is in place. At such time, the applicant shall submit an accurate foundation survey to the Construction Official for his review for compliance with the zoning regulations. This survey shall be sealed by a licensed surveyor and shall show the external dimensions of the foundation, the distances from its property lines and the elevation of the top of the foundation. Following his approval of the foundation survey, the Construction Official shall validate the permit for the completion of the building. A waiver of the requirement for a survey may be granted where the Construction Official is satisfied that the completed foundation meets the setback requirement.

C. Certificate of occupancy. No land or structure shall be occupied or used in whole or in part for any purpose until a certificate of occupancy shall have been issued by the Construction Official stating that the use and building therein specified, or either of them as the case may be, complies with all the provisions of these chapters. A new certificate of occupancy shall be required for a change of use of land or structure. A "change of use" shall mean a change from one specific use of land or structure as identified in this chapter to another such use. See also § **208-15**, Approval.

D. Open lot sale, storage or display. No yard or any other open area of any lot shall be used for the sale, storage or display of merchandise, wares or personal property except as provided in Subsection **E** or **F** of this section or as noted under Subsection **D(1)**, Exceptions, below. The use of tents for any sales event shall not be allowed. Storage shall include the use of tractor-trailers and closed rolloff or shipping containers but shall not include storage sheds, provided that all applicable zoning regulations are met.

(1) Exceptions.

(a) Garage sales, yard sales, house sales, estate sales and estate auctions, provided that all of the following conditions are met:

[1] Only the personal belongings and/or contents of the property owner's house are for sale.

[2] The sale event(s) do(es) not exceed a cumulative total of six days in a calendar year.

(b) Nonprofit organizations which are located in the Borough.

F. Parking of commercial vehicles. The daytime or overnight outdoor parking of any commercially licensed vehicle with a gross vehicle weight in excess of 6,000 pounds shall be prohibited in any residential zone except in the course of normal business with residents of the area.

G. Hazardous use of buildings or land.

(1) No building or land shall be used and no building or structure shall be erected, constructed, reconstructed, altered or repaired which is arranged, intended or designed for any trade, business or use that is hazardous or potentially hazardous to health or safety or which uses hazardous substances or potentially hazardous substances, or that is noxious or offensive by reason of the emission of odor, vapor, gas, dust, smoke, toxic or corrosive fumes, noise, vibration, heat, glare or flashes of light, radiation or objectionable waste, effluent or pollutants.

(2) No open area on any premises may be used for dumping, accumulating, piling or burying trash, junk or solid or liquid waste of any kind, or for storing, dismantling, demolishing or abandoning vehicles, machinery or parts thereof. Temporary storage of material for recycling shall be permitted in residential zones.

(3) The Planning Board may exempt certain minor uses of hazardous substances upon a finding that the operation of a business using the hazardous substances within the Prime Aquifer Area does not pose a risk to public health and safety and does not pose a risk to the groundwater supply.

H. Completion and restoration of existing buildings.

(1) Nothing herein contained shall require any change in the plans, construction or designated use of a building for which a construction permit has been issued, or for which plans and a construction permit application are on file and pending at the time of the passage of this chapter, provided such plans and intended use conform with the ordinance in effect at the time the application was made, and provided the construction of the building is diligently prosecuted after the permit is granted and completed within one year thereafter.

Deleted: E. Automobile service stations. Automobile service stations shall be subject to the following regulations:¹
(1) No hammering, welding or painting repair work on cars shall be done, or other work of the type usually conducted by and at automobile body shops in repairing damaged motor vehicles.¹
(2) Any merchandise sold or kept for sale on the premises must be reasonably incident and accessory to the operation of an automobile service station.¹
(3) No outdoor or open display of merchandise or wares shall be permitted except as follows:¹
(a) Oil for use in servicing motor vehicles, provided that it is kept in cans neatly racked or stacked and provided that no such container shall exceed a capacity of five quarts.¹
(b) New tires for sale, provided that they are displayed in a single, floor-level rack containing not more than six new tires and located immediately adjacent to the main building.¹
(c) New storage batteries for sale, provided that they are displayed in a customary rack holding no more... [1]

(2) Nothing herein contained shall prevent the restoration of a building destroyed for any reason, including, but not limited to, fire, explosion, act of God, act of war, voluntary demolition or negligence, to the extent of no more than 50% of its current reproduction value, or prevent a change of its existing use under the limitations provided in § **245-18**, but any building destroyed in the manner aforesaid to an extent exceeding 50% of its reproduction value at the time of such destruction may be reconstructed and thereafter used only in such a manner as to conform to all the provisions of these land use ordinances.

(3) No structure in process of completion or demolition and no ruins from fire or other casualty shall be abandoned in a disorderly, unsightly or hazardous state. Such structure shall be considered to have been abandoned when work to remedy the improper condition has not been initiated within 60 days after the occasion of the casualty, or, if initiated, work has been discontinued with the owner's consent for 30 or more consecutive days or for more than 30 days out of 60 days. Each day's abandonment shall be considered as a separate violation of this provision of these land use chapters.

I. Office and Light Industrial Zones.

(1) A planted buffer, measured 100 feet deep from the property boundary, shall be provided within any OL-1 or OL-2 Zone along any lot line abutting a residential area or zone. The plant materials and the planting design shall be in accordance with criteria for such plantings in Chapter **208**, Subdivision of Land and Site Plan Review.

(2) All yards that are not used for necessary drives, walks and permitted accessory uses shall be appropriately landscaped with trees, shrubs, flowers and grass lawns or other suitable ground cover as approved by the Planning Board.

(3) There shall be no vehicular access to any use established in any OL-1 or OL-2 Zone from any street that primarily serves residential neighborhoods and is not an arterial street.

(4) The maximum size of an undivided building or a building section which is offset from other building sections at least 20 feet shall not exceed 80,000 square feet of building coverage.

(5) More than one principal building may be constructed in the OL-1 and OL-2 Zones, subject to all applicable regulations, and with a minimum distance between the adjacent buildings equal to the height of the taller of the two facing walls measured at the point where the buildings are closest, but not less than 20 feet.

J. Performance standards. Before the issuance of any construction permit or certificate of occupancy for any construction, alteration or conversion or use of any building, structure or land, all of the following regulations shall be complied with:

(1) Fire and explosion hazards. All activities shall be carried on only as permitted and regulated by the laws of the United States of America and the State of New Jersey in structures which conform to the standards of the National Board of Fire Underwriters' Laboratories, Inc., or Borough of Mountain Lakes ordinances, whichever are more restrictive. All operations shall be carried on, and explosive raw materials, fuels, liquids and finished products stored, in accordance with the standards of such Underwriters' Laboratories, Inc. Buildings, if required by ordinance, shall be equipped with automatic sprinklers which conform to the standards of the Underwriters' Laboratories, Inc.

(2) Radiation. Any industrial or other operations or processes involving any form of radioactive materials, radioactivity or microwave and other electric radiations shall be conducted in accordance with the New Jersey Radiation Protection Act and Code, performance standards in the National Health and Safety Act of 1968 and other applicable state and federal regulations as administered by the Bureau of Radiation Protection, New Jersey Department of Environmental Protection and related health agencies.

(3) Smoke, fumes, gases, dust and odors.

(a) There shall be no emission of any smoke, fumes, gas, dust or odors, except in accordance with the standards established in and by the New Jersey Air Pollution Code. These and any other atmospheric pollutants as regulated in the New Jersey Air Pollution Control Code are prohibited.

(b) Odorous matter released from any operation or activity shall not exceed the odor threshold concentration beyond the lot lines, measured either at ground level or habitable elevation in accordance with the Standard Method for Measurement of Odor in Atmosphere (dilution method), 1972 Annual Book of the American Society Testing and Materials, Philadelphia, Pennsylvania.

(4) Vibration. There shall be no vibration other than noise which is discernible to the human sense of hearing beyond the immediate site on which such use is conducted.

(5) Noise.

(a) There shall be no noise created on any property which may result in sound in excess of the standards listed below when measured at any point on the property line of the lot on which the use or source of sound is located, unless a variance is granted by the appropriate approving authority:

[1] Continuous airborne sound which has a sound level in excess of 65 dBA_{rn} from 8:00 a.m. to 8:00 p.m. or 50 dBA from 8:00 p.m. to 8:00 a.m.

[2]

Impulsive sound in air which has an impulsive sound level of 80 dBA.

(b) Measurement of sound level shall be in accordance with the provisions of N.J.A.C. 7:29-1.1 et seq., which is hereby adopted by reference.

(c) Compliance with these requirements is subject to review by a professional chosen by the Planning Board as needed.

(6) Petroleum storage. Any storage of petroleum products shall meet all applicable federal, state and local state codes.

K. Accessory uses.

(1) All accessory uses shall be included in computing maximum improved lot coverage.

(2) No accessory structure or improvement shall be erected or constructed unless and until:

(a) A construction permit for such structure or improvement has been issued.

(b) Either a construction permit or a certificate of occupancy, or both, has been issued for the main use or structure to which it is accessory.

(3) No accessory structure or improvement shall be used or occupied unless and until:

(a) A certificate of occupancy for such structure or improvement has been issued.

(b) The main use or structure to which it is accessory is being used and occupied and a certificate of occupancy for such main use or structure has been issued.

(4) No accessory use, structure or improvement shall be permitted unless it is located upon the same lot as the main use or structure to which it is accessory; provided, however, that access driveways and/or parking facilities to serve uses within the R-AH Zone shall be permitted on any adjacent lot located in the R-A Zone, subject to Planning Board review and approval.

(5) No accessory structure or improvement shall be located within the area of the front, side or rear yard setback requirements, except for a retaining wall as defined, a fence in accordance with Subsection **P**, or parking as provided in Schedule II.

(6) When any accessory structure is attached to the principal building, it shall be considered a part of such building and as such shall comply with all regulations applicable to the principal building.

(7) No fence or other accessory structure shall be located closer to a street line than the principal building on the lot. Any accessory structure located within 10 feet of the principal building shall be considered part of such building.

(8) No private garage or other structure accessory to a dwelling in a residence zone shall be used or occupied for housing of persons or animals and shall be used only for the storage of automobiles, recreational vehicles, trailers, boats, and other household personal property owned by residents of the dwelling unless otherwise prohibited or regulated by ordinance or other applicable law.

L. Off-street parking.

(1) Off-street parking shall be provided in accordance with the accompanying Schedules II and III.⁽³⁾ If any applicant can clearly demonstrate to the Planning Board that, because of the nature of his operation or use, the parking requirements of this section are unnecessary or excessive, the Planning Board shall have the power to approve a site plan showing less paved area for parking than is required by this section; provided that a landscaped area of sufficient size to meet the deficiency shall be set aside and reserved for the purpose of meeting future off-street parking requirements in the event that a change of use of the premises shall make such additional off-street parking spaces necessary.

(2) The requirements for uses not listed in Schedule III shall be the same as for the most similar use which is listed. For mixed uses, the requirement shall be the total of the requirements for each use computed separately.

(3) Off-street parking facilities shall be provided on the same lot as the building to which they are accessory unless during site plan review and approval the Planning Board approves a convenient nearby location as an alternate.

(4) The minimum dimensions of an off-street parking space shall be a rectangle 18 feet in length and 10 feet in width, except that the Planning Board may reduce the required width to not less than 8 1/2 feet when the proposed use warrants. The aisle width shall be as follows:

Parking Angle (degrees)	Minimum Aisle Width (feet)
30°	12
45°	13
60°	18
90°	24

(5) Off-street parking spaces for residential lots may include garage areas as well as separate outdoor parking areas and driveways. Such spaces and driveways need not all have separate access but shall be distinctly delineated and maintained for the purpose and shall have a firm surface.

(6) Off-street parking facilities for other than residential use shall be paved, drained, lighted and maintained in accordance with all pertinent Borough ordinances and regulations, and shall be arranged for convenient access and safety of pedestrians and vehicles subject to exceptions in cases of home occupations if approved by the Planning Board. Such facilities shall not be used for storage or other unrelated purposes.

(7) Off-street parking facilities for other than residential use which are visible from a public street shall be screened from the street by planting or other means approved by the Planning Board.

(8) In approving a site plan, the Planning Board may:

(a) Increase the required minimum off-street parking requirement, based upon reasonable expectations as to the number of automobiles that a particular use may attract; and

(b) Impose a maximum limitation on the number of off-street parking spaces based on the nature and character of the area in which the premises are located.

(9) In no case shall there be kept in the open for more than 30 days any vehicle which cannot be operated on a public highway by reason of legal, mechanical or other restrictions.

M.

Recreational vehicles.

(1) For the purpose of this subsection, the term "recreational vehicle" shall mean a boat; a boat or any other vehicle mounted on a trailer; an automobile trailer not affixed to a foundation; a non-self-propelled or self-propelled house trailer, camper or motorized home so constructed as to permit the occupancy thereof as a dwelling or sleeping place for one or more persons and having no foundations other than wheels, skids, jacks, or other similar device integral with or portable by such recreational vehicle.

(2) No recreational vehicle shall be stored or parked in any zone, or in and on any premises in any zone, except in accordance with, and as may be permitted by, Subsection **M(3)**, **(4)** and **(5)** herein and provided that any such recreational vehicle shall not be used as living quarters while stored or parked.

(3) Any recreational vehicle may be stored or parked as follows:

(a) In a garage or boathouse.

(b) Temporarily in the driveway of any premises for periods not to exceed 48 hours for purposes of loading and unloading and for emergencies.

(c) Temporarily at a motor vehicle service station for the purpose of necessary repairs.

(4) In addition to the provisions of Subsection **M(3)** above, any recreational vehicle which is 20 feet or less in length, excluding the hitch in case of trailers, and five feet or less in height, excluding the mast in case of boats, may be stored or parked as follows:

(a) Where the side yard of any premises is, or exceeds, 15 feet, then to the rear of the front setback line of the main building on the premises.

(b) Where the side yard of any premises is less than 15 feet, then to the rear of the main building on the premises.

(c) Temporarily in the driveway of a resident owner of any premises by a guest of the resident provided that only one such vehicle is so parked at one time and that all such parking at any one premises shall not exceed 21 days in any one calendar year.

(5) In addition to the provisions of Subsection **M(3)** above, any recreational vehicle which is 20 feet or less in length, excluding the hitch in case of trailers, and nine feet or less in height but more than five feet, excluding the mast, in the case of boats, may be stored or parked as follows:

(a) In such a location on the premises, and to the rear of the front setback line of the main building on the premises, where the vehicle is or can be effectively screened, by natural vegetation if possible consisting of trees, shrubs or other plant life, from view from neighboring areas to the end that the vehicle as stored and parked on the premises shall not be clearly visible either from the street or from adjoining properties; provided that no vehicle shall be so stored or parked unless and until the Planning Board has approved both the proposed location and the actual or proposed screening of the vehicle on the premises. Any person desiring to so store or park a vehicle on premises shall submit a location and screening plan to the Planning Board for its review, consideration and approval. The Planning Board may modify such plan, require additional or substitute screening, and generally take such action as may be necessary to implement the foregoing. Without limitation, the Planning Board may also eliminate, reduce or modify any possible requirement of additional screening in the event that topographical or other natural features render unnecessary the planting of additional natural vegetation to implement the foregoing.

(b) Temporarily in the driveway of a resident owner of any premises by a guest of the resident, provided that only one such vehicle is so parked at one time and that all such parking at any one premises shall not exceed 21 days in any one calendar year.

N. Like buildings.

(1) No construction permit shall be issued for the erection of any building for occupancy as a dwelling if it is like or substantially like any neighboring building then in existence, or for which a building permit has been issued, in more than three of the following six respects:

(a) Height of the main roof ridge, or, in the case of a building with a flat roof, the highest point of the roof beams, above the elevation of the first floor.

(b) Height of the main roof ridge above the top of the plate; all flat roofs shall be deemed identical in this dimension.

(c) Length of the main roof ridge, or, in the case of a building with a flat roof, length of the main roof.

(d) Width between outside walls at the ends of the building measured under the main roof at right angles to the length thereof.

(e) Relative location of windows in the front elevation or in each of both side elevations with respect to each other and with respect to any door, chimney, porch, or attached garage in the same elevation.

(f) In the front elevation both:

[1] Relative location with respect to each other of garage, if attached, porch, if any, and the remainder of the building; and

[2] Either the height of any portion of the building located outside the limits of the main roof, measured from the elevation of the first floor to the roof ridge, or, in the case of a flat roof, the highest point of the roof beams; or the width of such portion of the building, if it has a gable in the front elevation, otherwise length of the roof ridge or the flat roof in the front elevation.

(2) Buildings shall be deemed to be like each other in any dimension with respect to which the difference between them is not more than two feet.

Buildings between which the only difference in relative location of elements is end to end or side to side reversal of elements shall be deemed to be like each other in relative location of such elements. In relation to the premises with respect to which the permit is sought, a building shall be deemed to be a neighboring building if the lot upon which it or any part of it has been or will be erected is any one of the following lots, as shown on the Tax Map of the Borough:

- (a) Any lot on the street, upon which the building to be erected on such premises would front, which is the first or the second lot next along such street in either direction from the premises, without regard to intervening street lines;
- (b) Any lot on any part of the street line frontage of which is across the street from such premises or from a lot referred to in Subsection **N(2)(a)** above;
- (c) Any lot on any part of the street line frontage of which faces the end of, and is within the width of, such street, if there are fewer than two lots between the premises and the end of the street;
- (d) Any lot on another street which adjoins such premises on such other street; or
- (e) Any lot on any part of the street line frontage of which is across such other street from the premises or from a lot referred to in Subsection **N(2)(d)** above, provided that, notwithstanding any of the foregoing provisions of this section, no building shall be deemed to be a neighboring building in relation to the premises if its rear elevation faces the street upon which the building to be erected on the premises would front.

O.

Number of principal buildings. Except as provided in OL Zones, only one principal building may be erected on any one lot.

P. Fences.

(1) In Zones A, B, OL-1 and OL-2:

(a) No fence is permitted in a front yard.

(b) In side or rear yards, a fence need not conform to setback requirements.

(2) In residential zones:

(a) No fence is permitted in a front yard.

[1] Exception to no fences in front yard.

[a] Freestanding stone walls, using natural fieldstone and mortar, are permitted to a maximum height of 30 inches from finished grade. Stone piers not exceeding 24 inches by 24 inches by four feet zero inches high are permissible to act as anchors at the end of freestanding stone walls or can stand alone with no wall.

[b] The natural fieldstone walls and piers are to be consistent with the general appearance of stone walls in the Borough of Mountain Lakes, installed on footings to meet minimum depth requirements for a structurally sound, freestanding wall.

(b) In rear or side yards, the only fences permitted are:

[1] A fence of durable material and of workmanlike construction, not more than six feet in height and conforming to setback requirements. Materials subject to sagging, warping or other distortion under normal usage shall not be considered as durable for the purposes of this subsection.

[2] A swimming pool fence of a minimum height of four feet conforming to all state requirements and to all setback requirements.

(3) Fences around areas to be used solely to compost vegetation. These may be of wire construction suitable for the purpose and do not need to conform to setback requirements, but shall not exceed four feet in height, eight feet in length on any side or 64 square feet in area, nor encompass more than two areas.

(4) Fences to protect gardening areas during growing and harvesting seasons. These may be of wire construction suitable for the purpose, but shall meet the other requirements of Subsection **P(2)(b)[1]** above.

(5) Fences on lakefront property to protect against intrusion by geese and other unwanted waterfowl. Fences shall not exceed 24 inches in height, shall be of green wire, shall be temporary in nature except if part of a hedgerow, shall not be permanently anchored and shall be readily removable.

Q.

Dish antennas.

(1) In residential zones, a dish antenna shall be permitted under the following conditions:

(a) It shall be only on a lot that contains a principal structure.

(b) It shall be designed for use by the residents of the principal structure only, except where the townhouse option has been elected.

(c) In the Residential RC-3 Zone where the townhouse option has been elected, only one dish antenna for common use is permitted per block of common wall houses. All other residential zone regulations apply.

(d) No lot may contain more than one dish antenna.

(e) Only a receiving dish antenna is permitted.

(f) A construction permit is required for any antenna installation. The fee shall be as specified in § 111-3B of this Code.

(g) A ground-mounted dish antenna is permitted as an accessory use, subject to the following regulations:

[1] A dish antenna may be located only in a rear yard and shall meet all setback requirements.

[2] Any such antenna shall be a freestanding structure mounted on and attached to the ground by a concrete pad.

[3] No dish antenna shall have a diameter exceeding six feet nor extend above the ground more than eight feet.

[4] An antenna shall be made only of black or gray mesh.

[5] Every dish antenna shall be screened by evergreen plantings in order to minimize to the greatest extent possible noise and visibility from any adjacent property or street. Screening shall not be required to the southwest. Plantings may be waived if natural terrain and landscaping provide adequate screening. The five-year growth potential of any evergreen plantings to be used shall be considered when determining acceptable spacing and heights of such plantings.

[6] Power control and signal cables to or from the antenna shall be underground cable complying with applicable code requirements.

(h) A roof-mounted dish antenna is permitted as a conditional use, subject to the provisions of § **245-16A**, and subject to the following specific regulations:

[1] It may not exceed three feet in diameter.

[2] It shall be made of black or gray mesh aluminum, or material of comparable weight.

[3] It may not project above the ridgeline of the roof and shall be mounted only on the rear of the building.

(2) In Business Zones A and B and in OL-1 and OL-2 Zones, a dish antenna, for receiving purposes only, shall be permitted as a conditional use, subject to Planning Board regulation, to ensure aesthetics and safety provisions compatible with the standards of the community.

R. Conservation zone regulations. No permanent building or structure shall be erected in a conservation zone except those structures deemed necessary by the Borough Council for recreational or environmental purposes or for the maintenance of the area.

S. Child-care centers. Child-care centers shall be licensed under the New Jersey Child Care Center Licensing Law, N.J.S.A. 30:5B-1 et seq., and/or any other statutes and regulations as may from time to time apply.

T. Storage of solid waste and recyclable items. Solid waste and recyclable items from all uses other than single-family homes, if stored outdoors, shall be placed in metal or plastic receptacles within a screened refuse area subject to the following minimum standards:

(1) The screened refuse area shall not be located within any front yard.

(2) The area shall be surrounded by a fence or wall suitably landscaped to provide screening of the view of refuse from adjoining properties or public streets. Any such fence shall be exempt from the provisions of any Mountain Lakes ordinance regulating fences, except that no such fence shall exceed 10 feet in height.

(3) Design for screening of the refuse area shall be subject to the approval of the Construction Official.

(4) In any site plan, if outdoor storage is not proposed, the methods proposed for accommodating solid waste and recyclables within the structure shall be detailed on the plan. The Planning Board may require that a suitable outdoor area be set aside, but not improved, for a future refuse storage area.

U. Wireless telecommunications facilities. Wireless telecommunications facilities are permitted in all zones as a conditional use as regulated by § 245-16 and as provided herein:

(1) Anything herein notwithstanding, a wireless telecommunications facility may exceed the area, height and yard requirements of the district in which it is located, provided that it shall satisfy the requirements of a conditional use as set forth in § 245-16 and the requirements and conditions as follows:

(a) Height.

[1] Where permitted, wireless telecommunications towers and antennas may exceed the maximum building height limitations, provided that the height has minimal visual impact and is no greater than required to achieve service area requirements and potential collocation within the Borough of Mountain Lakes.

[2] Wireless telecommunications equipment facilities shall be subject to the minimum height restrictions of the zoning district in which they are located.

(b) Setback.

[1] Telecommunications towers and antennas shall have a setback equal to the height of the tower or antenna.

[2] Wireless telecommunications equipment facilities shall be subject to the minimum bulk and height requirements of the zoning district in which they are located.

V.

Emergency generators. Generators for use during power outages on an emergency basis are permitted in all zones subject to the following conditions:

(1) Units must be installed in conformity with the property setbacks for the appropriate zone for the principle structure.

(2) The sound output for the unit cannot exceed 70 db at 23 feet from the unit.

(3) An improved lot coverage calculation is required for units installed on a pad over 12 square feet.

(4) Units installed in the front yard shall be surrounded by landscape screening.

(5) The testing, cycling and maintenance of all units will be conducted between the hours of 8:00 a.m. and 8:00 p.m. to be consistent with the Noise Ordinance (§ 160-2) which shall apply to emergency generators.

NOTES:

- From residential boundary; no side setback required from nonresidential boundary.
- Above highest street if property faces two streets.
- Landslipped area of not less than 10 feet depth along right-of-way, except for driveways.
- This zone is fully developed.
- Landslipped area of not less than 20 feet along right-of-way, except for driveways.
- There shall be a one-hundred-foot landscaped buffer abutting residential areas or zones. Side and rear setbacks may be reduced to 50 feet along nonresidential boundaries.
- See § 245-16G for zero lot options.
- Lot frontage for lots at a cul-de-sac turnaround shall not be less than 50 feet, provided that the distance along the setback line shall meet the frontage requirements.
- The minimum lot size may be affected by regulations in § 245-20C, D and E.
- In a residential zone, the shortest distance between the side lines shall not be less than 90% of the required frontage, except as in Note 8 above.
- See § 245-20A and B.
- A corner lot shall have front yard setback on all streets.
- RC-3 clustering townhouses, see § 245-16H.
- In R-1 and R-2 Zones, setback for any buildings shall not be less than stated setbacks or equal to the height of the accessory building, whichever is greater.
- Minimum combined setback for both side yards is 25 feet.
- Minimum combined setback for both side yards is 25 feet.
- In all residential zones, the building shall not exceed 2 1/2 stories and 35 feet in height facing any street, nor three stories facing any other direction. A basement in which, in any elevation, the exposed distance from finished grade to the floor above exceeds six feet for 50% or more of the length of the elevation shall be considered a story only for the purposes of determining the number of stories in that elevation. The maximum average height of the nonstreet frontage building elevation shall be 38 feet. The nonstreet frontage average building height shall be measured as the vertical distance from the average finished grade along all nonstreet fronting building elevations, to the highest point of the roof, excluding chimneys. The average elevation shall be determined by taking measures at approximately ten-foot intervals, six feet from the building wall, and averaging them. The maximum change in average grade elevation from the original surface to the finished grade elevation along any wall of the building shall be three feet. Where the height of any building wall exceeds 35 feet, there shall be some type of architectural treatment of the building to minimize the visual impact of a high straight wall.

SUBJ: Manager's Report
CC: Marcy Gianattasio, Borough Clerk
Robert Oostdyk, Borough Attorney

The following represents the Manager's report for the Borough Council meeting of September 23, 2019.

Beach Project – Island Beach – During previous Borough Council meetings, there was support for determining the location of the swing set prior to the start of construction. Four potential sites were identified and marked out. Members of the Borough's Public Works committee were invited to view the mark-outs and provide input. There is committee consensus to place the swings in a location opposite the new building. The location affords the ability to orient the swings in one of two directions, swings facing south (children swinging face The Cove) or facing east (children swinging face Midvale Boat Dock). As site work begins to take place and the old structure is removed, a final decision on orientation will be made. Attached to this report are two site plan drawings depicting the two choices.

Salary Ordinance Amendment – On the agenda for our upcoming Borough Council meeting will be a salary ordinance amendment to allow for the hiring of temporary employees for the Island Beach project. The amendment, along with a resolution for our October 14th meeting, is a requirement to be able to pay employees.

Trash Day – Saturday, October 19th (8:00am - 3:00pm) has been set for the Borough's annual trash day. For further information, please visit the Borough's website or contact our DPW office.

Water Rate Ordinance – As discussed during the most recent Borough Council meeting, the need for a water rate increase is necessary. There is a fee ordinance amendment listed for introduction on the upcoming Borough Council meeting agenda that will authorize the increase.

DPW Administrative Assistant – After being notified by our DPW Administrative Assistant that she would be leaving her position, an advertisement for the position was placed, resumes accepted, and interviews conducted. I am pleased to announce the hiring of Anne Stusnick as our new DPW Administrative Assistant / Utility Billing Clerk. Anne has extensive experience with customer service, office administration and accounting. She will be joining us full-time October 7th.

Surplus Property Resolution – Also on the upcoming meeting agenda will be a resolution authorizing the online public auction of surplus property and equipment. The resolution identifies miscellaneous watercraft removed from Borough boat racks in December 2018, as well as several pieces of miscellaneous equipment located in the DPW garage that is no longer needed. Prior to the start of the auction, we will announce the auction on our weekly e-blast.

Please reach out with questions or concerns.

Resolution 138-19

**A RESOLUTION AUTHORIZING THE SALE OF SURPLUS PERSONAL PROPERTY
NO LONGER NEEDED FOR PUBLIC USE ON AN ONLINE AUCTION WEBSITE**

WHEREAS, the Borough Manager in conjunction with the various department managers has determined that the property described on Schedule A attached hereto and incorporated herein is no longer needed for public use; and

WHEREAS, the Local Unit Technology Pilot Program and Study Act (P.L. 2001, c. 30) authorizes the sale of surplus personal property no longer needed for public use through the use of an online auction service; and

WHEREAS, the Borough of Mountain Lakes intends to utilize the online auction services of “GovDeals – online government auctions” (“GovDeals”) located at “www.govdeals.com”; and

WHEREAS, the sales are being conducted pursuant to the Division of Local Government Services’ Local Finance Notice 2008-9 & 2008-21R;

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the Borough of Mountain Lakes, that the Borough is hereby authorized to sell the surplus personal property as indicated on Schedule A on an online auction website located at “www.govdeals.com”; and

BE IT FURTHER RESOLVED, that a certified copy of this Resolution be forwarded by the Borough Clerk to the Director, Division of Local Government Services; and

BE IT FURTHER RESOLVED, by the Mayor and Council of the Borough of Mountain Lakes that pursuant to N.J.S.A. 40A:11-36, the Borough Clerk shall cause to be placed in the official newspaper of the Borough a notice of public auction of the above mentioned tangible personal property to be held within 30 days of the date of approval of this resolution.

XX

CERTIFICATION: I hereby certify the foregoing to be a true and correct copy of a resolution duly adopted by the Borough Council of Mountain Lakes, New Jersey, at a meeting held on September 23, 2019.

COMMUNITY ANNOUNCEMENTS

Mayor Barnett announced that on August 29th many residents came out to enjoy Alex Laurenzi and Friends Jazz Quartet. This was a great way to cap the summer recreation season. Mayor Barnett thanked Karen Brennfleck, Mountain Lakes Recreation Director, and the Recreation Commission for another strong summer season. There was a large enrollment over the summer and a lot of happy participants.

Mayor Barnett announced that the Mountain Lakes Volunteer Fire Department Junior Firefighters took home a second-place award from the Boonton Fireman Labor Day Parade. The juniors spent hours cleaning, detailing and inspecting the Mountain Lakes rescue truck to prepare for the competition. Mayor Barnett congratulated them and thanked them for all their hard work.

Mayor Barnett said last week was a very busy week for the Borough as it was back to school for all of the young people. Members of the Board of Education expressed their appreciation for the Borough's support ensuring that everything went smoothly. The Mountain Lakes Police Department was out in full force monitoring the traffic and safety at all of the Borough's schools.

In addition, last Tuesday, the Borough welcomed the new Public Works Director, Doug Edler. The mayor said it is great to have him on board. On Friday, a bench crafted by the DPW was dedicated in honor of Mark Prusina, Mark is the Borough's outgoing Public Works Director. This was a special event and a lot of people came out for it.

Mayor Barnett announced that the Mountain Lakes Club is hosting an end of summer soiree on September 14th. This will be open to all residents and will feature a decadent menu inspired by the roaring twenties, a silent auction and live jazz. Ticket information is available on the Mountain Lakes website.

The next Lakers 55+ event will be on Friday September 20th at 12:45 p.m. in the library. Speaker Jim DelGuidice will be recounting stories of the county's most famous and not-so-famous historical characters.

The Mountain Lakes Medical Needs Spirit 5K Walk/Run will be held on October 5th at 9:00 a.m. Registration is open on the Medical Needs website. This is a great event and example of neighbors helping neighbors.

Mayor Barnett wanted to acknowledge all the hard work that went on behind the scenes to get the agenda together. She thanked the Borough Clerk, Manager, Attorney and Engineer.

Council Member Korman announced that the Garden Club has their opening event on September 25th at the Rockaway River Country Club at 10:00 a.m. The public is invited to a floral design workshop and lunch will be at 11:30 a.m.

Council Member Korman wanted to bring attention to the Darress Theatre in Boonton. She encourages people to look at their website. They have a lot of live music.

**MEETING MINUTES OF THE COUNCIL OF THE BOROUGH OF MOUNTAIN LAKES
SEPTEMBER 9, 2019
HELD AT BOROUGH HALL, 400 BOULEVARD, MOUNTAIN LAKES, NJ 07046**

Council Member Korman announced that the Whippany River Watershed Action Committee is having a twentieth anniversary event on Wednesday, October 2nd at 6:00 to 8:30 p.m. at the Frelinghysen Arboretum. This event is free with a suggested \$20.00 donation and there will be two guest speakers who will speak about US EPA Water Programs.

PUBLIC COMMENT

Please state your name and address for the record. Each speaker is limited to one (1) comment of no more than five (5) minutes and no yielding of time to another person.

BOROUGH COUNCIL DISCUSSION ITEMS

- a. Second Quarter 2019 Current Budget Report
- b. Second Quarter 2019 Water Budget Report and Second Quarter 2019 Sewer Budget Report
- c. Trust Balances
- d. Capital Account Balances

Chief Financial Officer, Monica Goscicki discussed with the Council the 2019 second quarter budget reports. CFO Goscicki explained in detail the second quarter current fund budget, the second quarter water and sewer budget, the trust balances and the capital account balances.

ATTORNEY'S REPORT

Borough Attorney Robert Oostdyk did not have anything to report.

MANAGER'S REPORT

a. Beach Project – Island Beach

Manager Mitchell Stern reported that after a lengthy review, the Borough is ready to move forward with the Island Beach portion of the beach project. Mr. Stern presented a Power Point presentation to discuss the next steps of the project.

The next steps are to work with the project architect and Borough Engineer to formalize the project plans and documents, review plans with other interested stakeholders such as the police, fire department, shade tree commission, etc., set a date for the Planning Board to give courtesy review, and then onboard the temporary employees and order the necessary materials.

Mr. Stern provided a cost estimate for the main structure and the pavilion if done in-house using temporary labor as \$400,000. He also gave a timeline using in-house resources. The project will begin approximately October 15, 2019 and should be complete approximately May 1, 2020.

Mr. Stern discussed the pros and cons of the contracting methods. He said that going out for public bid would be a longer process and a higher cost to complete the project. Doing the contracting in-house would be a shorter process, the Borough would have tighter control of the project, there would be more flexibility to make changes to the project if something needs to be added or delayed and the cost would be lower.

Mr. Stern presented pictures and plans to the Borough Council to show where the new buildings would be placed and what the floorplan of the buildings would look like.

The Borough Council feels that because the playground is such an integral part of the project, they would like to see the three potential locations for the new playground equipment. The Borough Council feels that it is very hard to picture where the playground equipment will be placed without seeing it on the plans and drawings. Manager Stern will have the building and the playground laid out for the Borough Council and the public to see and have a better idea of the location of the playground equipment.

**MEETING MINUTES OF THE COUNCIL OF THE BOROUGH OF MOUNTAIN LAKES
SEPTEMBER 9, 2019
HELD AT BOROUGH HALL, 400 BOULEVARD, MOUNTAIN LAKES, NJ 07046**

The Borough Council also had questions about the process of hiring temporary employees instead of going out to bid for this project. Borough Attorney Robert Oostdyk said that the Borough has the right to hire temporary employees. There are some issues and details that need to be worked out as far as payroll when hiring temporary employees. Attorney Oostdyk and Manager Stern are working on those issues so there will not be any problems when hiring the temporary employees.

b. Sunset Lake Dam Information Session Date Change

Manager Stern reported that at the request of the project engineer, the date for the public information session will be postponed until late October. Once we have a confirmation date, the meeting will be advertised.

c. Water and Sewer Utility Rate Review

Annually, the Borough CFO and the Borough Manager review revenues and expenses for the Borough's water and sewer utilities to determine whether revenues are adequate to meet expenses. Mr. Stern reported that their analysis reveals the need to increase water rates three percent. The analysis for the sewer utility reveals that at this time, a rate increase is not necessary.

The analysis was discussed, and the data was reviewed by the Borough's Finance Advisory Committee, and they agree with the rate increase recommendation. The necessary ordinance to increase the water rate will be on the agenda for September 23rd Borough Council meeting.

PUBLIC COMMENT

Please state your name and address for the record. Each speaker is limited to one (1) comment of no more than five (5) minutes and no yielding of time to another person.

Mayor Barnett opened the meeting to the public.

Jim Hyson – 2 Littlewood Court, he is happy that there is a resolution covering the landscape maintenance at Sunrise. He feels that this is good for their protection at Pine Edge. He thanked everyone in the Borough for insisting on getting this done. Mr. Hyson said that as a Board, when they look at their expenses, water for irrigation is significant in price. It could be anywhere from \$7,000 to \$8,000 a year and as high as \$12,000. He says after attending the meetings for Sunrise and listening to them talk about putting in a well for irrigation, he thought that would be a great idea for Pine Edge. He would like the Borough Council to keep in mind that other people may be thinking about wells for irrigation also.

The Borough Council discussed public water allocation policy and procedures. The decision was made that the Borough Council will have future discussions regarding the process for water allocation to developers for large development projects.

Council Member Happer asked that Resolutions R122-19, R127-19 and R128-19 be pulled from the Consent Agenda and voted on separately.

***CONSENT AGENDA ITEMS**

Matters listed as Consent Agenda Items are considered routine and will be enacted by one motion of the Council and one roll call vote. There will be no separate discussion of these items unless a Council member requests an item be removed for consideration.

COUNCIL REPORTS

Council Member Lane reported that at their September 3rd meeting, the Board of Education had an open discussion about the current structure of the Board. When the new Board was elected, they immediately began a new structure and it became a "whole" Board approach. Now there is discussion, open debate and public comment as to whether they should stay as a "whole" Board or go back to the previous structure.

Council Member Lane said that the construction at the school is slightly behind schedule. Mostly the delays are due to large boulders that had to be removed from the area and they had to make adjustments to work around the children. Ryan Dunn, who gave an update on the construction, was well received by the public and the BOE. There was an overall feeling of happiness that the school was able to open on time.

Council Member Happer reported that Lakes Management kicked off the new school year. The two new student members attended that last meeting. They discussed the algae bloom at Lake Hopatcong. The hope is to have a general information seminar to educate the public about lakes management on October 8th.

Mayor Barnett reported that the Green Team will continue to talk about recycling. The Mayor feels that Doug Edler, the new Director of Public Works, will have some good input about recycling.

Mayor Barnett also said that Mimi Kaplan of the Green Team is working on new recycling signs for the DPW and the weekly email blasts about recycling are working well and are appreciated.

Deputy Mayor Shepherd reported that the Economic Development Committee formed a new subcommittee from several committees and commissions. They met twice so far, and discussed Route 46 zoning.

Council Member Korman reported that she would like to see a volunteer to chase grants for the municipal building renovation. She said the Public Safety Committee agreed that this was a good idea. Council Member Korman had identified someone who would be capable of finding grants.

CONSTRUCTION OFFICE MONTHLY ACTIVITY REPORT

AUGUST 2019

ADMINISTRATIVE SUMMARY

A consistent flow of applications have been received over the past few months. A slight slow-down was noticed towards the end of the month due to vacations and the start of the new school year. Property owners looking to close in their projects before the inclement weather sets in will be submitting their applications shortly.

The inspection staff is responding to the requests from both the Enclave project and the school projects currently under construction.

While the number of generator permits has tapered off, there are still applications being submitted for those looking to install their unit prior to the winter season. We expect additional mechanical replacements (i.e. furnaces, boilers, water heaters) to occur within the next few months also.

The subcode officials have begun their reviews of the drawings for the Sunrise project. The drawings, reviewed by the NJ Department of Community Affairs, have been received. We are awaiting the submission of the permit applications from the General Contractor.

Work continues at the Lightbridge Daycare Academy where occupancy is expected within the next couple of months.

CDC/NJDOH PUBLIC HEALTH ALERTS

Severe Pulmonary Disease in People Who Report Vaping

Health Alert

Date: August 16, 2019

Public Health Message Type: Alert Advisory Update Information

Intended Audience: All public health partners Healthcare providers Infection preventionists Local health department:
 Schools/child care centers ACOs Animal health professionals Other:

Key Points or Updates:

- (1) Cases of acute severe pulmonary disease with no known infectious cause have been reported in persons who have used vaping products. These cases have occurred in multiple states and are now being reported in New Jersey.
- (2) Cases in New Jersey have been primarily reported in young persons (17 to 35 years-old) with no significant past medical history.
- (3) Clinicians should be alert for patients with progressive respiratory symptoms and a history of vaping.

Action Items:

- (1) Clinicians treating patients with significant respiratory disease in the outpatient setting should assess their patients for recent or prior use of vaping products and consider the potential for worsening disease progression if risk factors are present.
- (2) Clinicians in the inpatient setting who are managing patients with severe pulmonary disease should consider the following:
 - a. Assess patients for a vaping history including vaping tobacco, tetrahydrocannabinol (THC), and/or other products
 - b. Consider this syndrome in these patients, particularly in those who have prior history of respiratory disease and no apparent

etiology, infectious or otherwise.

c. Consider a pulmonology consultation to guide additional diagnostics and management for these patients

(3) Educate all patients on the risks associated with vaping and the use of tobacco products and provide patients information on where to seek care if symptoms worsen or return after initial resolution

Contact Information:

- Stephen Perez, PhD, RN, Epidemic Intelligence Service Officer, Centers for Disease Control and Prevention, New Jersey Department of Health, Stephen.Perez@doh.nj.gov or (609) 826-5964, or
- The Communicable Disease Service at (609) 826-5964 during business hours

Monthly Activities

CDRSS is checked, at minimum, twice daily to review for newly listed communicable diseases. This is accomplished by all nursing staff. Upon the listing of a new disease, investigation of disease is initiated by PHN.

NJLINCS checked daily. Health alerts and advisories are reviewed by all Public Health nurses. Health alerts, recalls, and specific health advisories are forwarded to the Health Educator for dissemination of information to the public if action is warranted as per NJLINCS.

Screenings This Month

No screenings this month.

Disease Prevention - Well Child Program – 2 months thru 18 years of age - L. Gearhart, PHRN

No patients this month for the Well Child Program.

Childhood Lead Poisoning Prevention Program – T. Fucci, PHRN

No cases from Mountain Lakes reported to our office during this month. Lead case management monitoring occurs twice daily; a minimum for jurisdiction within the NJDOH Welligent LeadTrax Monitoring system.

TB Control Program – T. Fucci, PHRN

No Mantoux tests were administered this month.

Perinatal Hepatitis B Prevention Program, T. Fucci, PHRN

No PNHBV cases from Mountain Lakes reported to our office during this month.

Communicable Disease

The classifications for the cases listed below are based on the investigation conducted by the PHN, laboratory evaluation and NJDOH case definition. All investigation information is entered into CDRSS; NJDOH reads entries, comments on individual cases will send PHN email requesting more data. Once NJDOH is satisfied with investigation methods, the case is approved and closed.

Patient Status is based on pt s/s, lab result interpretation and NJDOH Case Definition which is found in the NJDOH Communicable Disease Manual

BOROUGH OF MOUNTAIN LAKES

Recreation Department

Department Activity August 2019

The Recreation Commission does not meet in August. The next meeting will be held on September 17th at Borough Hall.

- Toured all recreational facilities throughout the summer season including: Midvale Playground, Midvale Boat Launch, Taft Field, Wilson Basketball Courts, Tennis Courts, Birchwood and Island Beaches, Esplanade and Cove in order to maintain the areas for resident use. Worked with DPW to keep facilities ready for resident use.
- Continued planning and hosting summer events including 2 August events: Jazz concert (August 29th – Movie Night was postponed due to weather, new date TBD).
- Ongoing communication with camp directors as summer camps concluded: Sailing, Tennis, Teen Camp, Yoga and Summer Recreation Camp all ended in the first week of August.
- Finalized all payroll.
- Assisted our Mountain Lakes HUB Lakes Adult Sports League coaches including: volleyball (men's, women's and coed), softball, table tennis, bowling, golf, tennis. Managed equipment and facility requests for HUB Lakes summer league teams.
- Set up and monitored online registration and program details for Fall Recreation Field Hockey and Cross Country programs.
- Met with MLHS Athletic director to secure space for Recreation programs. Secured turf time for Field Hockey program as the old field is now torn up for the High School addition.
- Ongoing communication with Beach Director on a regular basis to discuss beach usage, staffing and swim lessons.
- Provided customer service, camp information and registration assistance to residents for all summer programs.
- Assisted residents with various facilities requests.
- Started search for new Sail Director, as current Director not returning. Sent letter to all current teachers for next summer.
- Scheduled Laker 55 fall programs. All programs listed on website.

Application: Student Membership on Borough Committees and Commissions

Name: Natalie Blaney
Year in High School: Senior Year (12th)
Address: 23 Park Place Unit A2, Mountain Lakes, NJ
Applicant Email Address: nblaney20@mlschools.org

I am interested in serving on:

- Environmental Commission
- Historic Preservation Committee
- Lakes Management Advisory Committee
- Shade Tree Commission
- Woodlands Management Advisory Committee

If there is not an opening on my selected committee, I would consider serving on a different committee: yes

Essay: Why I am Interested in Being a Student Member of this Committee/Commission (150 words max):

I am interested in being a member of the Woodlands Management Advisory Committee. I was given the pleasure to be an active member of the committee last year as one of the student members. I thoroughly enjoyed attending meetings because it enlightened my understanding on what it takes to ensure our community can gain and experience in our woodlands and its trails. I especially loved participating in the tree planting process because I just love being able to plant trees that would further help to develop our community's canopy; even more so having planted trees that might even surpass me in height and possibly age. If I were given the opportunity to serve as a returning member of the Woodlands Management Advisory Committee I would be able to provide experience and familiarity with what comes when attending and participating at meetings as a high schooler.

Essay: Why I am Interested in Being a Student Member of this Committee/Commission (150 words max):

As a resident of Mountain Lakes, I have had the pleasure of enjoying our outdoors. From running to biking, I noticed the positive impact it can have on our lives. Now, I would like to give back to my community and help protect our woodlands from threats like deer, invasive species, and earth worms. With my leadership experience and my interest in nature, I think I would be a good fit on the Woodlands Management Advisory Committee.
