<ol> <li>Describe how public education and outreach events are advertised. Include specific websites and/or physical locations where materials are available.</li> </ol>
Fliers are posted on the Borough's website, as well as posted on the bulletin board in Borough Hall, 400 Boulevard, Mountain Lakes, NJ 07046.
<ol> <li>Describe how businesses and the general public within the municipality are educated about the hazards associated with illicit connections and improper disposal of waste.</li> </ol>
The general public is educated by the information posted on the Borough website, posters o the bulletin boards at Borough Hall, and other public education programs.
3. Indicate where public education and outreach records are maintained.
Copies of any educational material are kept in the Department of Public Works office

# SPPP Form 5 – Post-Construction Stormwater Management in New **Development and Redevelopment Program**

All records must be available upon request by NJDEP.
1. How does the municipality define 'major development'?
Major development shall mean any "development" that provides for ultimately disturbing or (1) or more acres of land. Disturbance for the purpose of this rule is the placement of impervious surface or exposure and/or movement of soil or bedrock or clearing, cutting, or removing of vegetation.
2. Does the municipality approach residential projects differently than it does for non-residenti projects? If so, how?
No, the municipality does not approach residential projects differently than non-residential projects.
3. What process is in place to ensure that municipal projects meet the Stormwater Control Ordinance?
For any BMP that is installed in order to comply with the requirements of our post-construction program, the Borough of Mountain Lakes will ensure adequate long-term operation as well as preventative and corrective maintenance (including replacement) of BMP's. For BMP's on private property that we do not own or operate, the Borough of Mountain Lakes intends to do this by adopting and enforcing a provision in the municipal stormwater control ordinance that requires the private entity perform the operation and maintenance, with penalties if the private entity does not comply.  The Borough of Mountain Lakes enforces, through the municipal stormwater control ordinance, compliance with the design standard in Attachment C of our permit to control passage of solid and floatable materials through storm drain inlets. The Borough has installed bicycle safe grates and (if
needed) a curb opening with a clear space no bigger than two inches across the smallest dimension

4. Describe the process for reviewing major development project applications for compliance with the Stormwater Control Ordinance (SCO) and Residential Site Improvement Standards (RSIS). Attach a flow chart if available. All new residential development and redevelopment projects that are subject to the Residential Site Improvement Standards for stormwater management (including the NJDEP Stormwater Management rules, N.J.A.C. 7:8, referenced in those standards) are in compliance with those standards. Our Land Use Board ensures such compliance before issuing preliminary or final subdivision or site plan approvals under the Municipal Land Use Law. 5. Does the Municipal No Stormwater Management Plan include a mitigation plan? 6. What is the physical location Borough Hall of approved applications for 400 Boulevard major development projects, Mountain Lakes, NJ 07046 Major Development Summary Sheets (permit att.

D), and mitigation plans?
