

Minutes Lakes Management Advisory Committee

November, 1, 2022 7:30PM

Present:

Committee Members; Derek Jackson, Ethan Grodofsky, Mike Russo, Andy Hilton

Solitude Lake Management representative Bob Schindler, Borough Council Liaison Chris Richter, Borough Manager, Mitch Stern

Student Representatives; Conner Higgins, John Corbo

Committee Chair Opening

Minutes from the Oct 4th meeting, will be reviewed and approved at a later date.

Borough Managers Report:

- Mitch posted timeline for the Dam Project
- Bob will provide pricing for the Mapping of the sediment and depth of the lakes
- Dec. 6th Public Meeting will take place in either the MLHS Media Room or the ML Library

Solitude Lake Management Report:

- We are interested in getting a list of the various 'invasive species' in the lakes.
- Hydroraking at Birchwood has been completed
- Herbicide treatment will continue to help manage the water lilies.
- We will wait until the water level is higher to determine future needs.
- Question was asked, where did the material from birchwood go? It was mixed with other soil on borough land.
- Alum Sulphate treatments on Mountain and Wildwood Lakes will take place on Thursday Nov 10th.
- Primrose was sprayed on shoreline of both Lakes
- Residents on wildwood expressed an interest in having the hydroraking done in front of their houses and would consider paying for it.
- Bob suggested that we need to get information from Ferraro to price out lake sediment removal.

Other business:

- Annual Meeting, December 6th; we agreed to extend a special invite to lake front homeowners. Some offered to go door to door with the invite.

Motion to Adjourn, Ethan, Derek 2nd
